# Overview of Proposed Amendments to the 2008-10 Budget

The budget as introduced includes savings strategies proposed by the Governor in October 2008 to address a projected revenue shortfall in FY 2009. Based on actual revenue collections in FY 2008, the Governor initiated a preliminary reforecast of general fund revenues for the 2008-10 biennium, resulting in a downward revision in general fund revenues by \$973.6 million in FY 2009 and \$1,540.1 million in FY 2010 announced in August 2008. At that time, state agencies were asked to submit budget reduction plans of 5, 10, and 15 percent for each year. For FY 2009, general fund budget reductions ranged from 5 to 15 percent. Programs such as K-12 public education and Medicaid were largely exempted from reductions in the first year of the budget.

The introduced budget assumes a further weakening of Virginia's economy based on input from the Governor's advisory board of economists and the Governor's advisory group of business leaders and legislative members during the months of November and December. With regard to the general fund revenue revisions, the Governor is recommending an additional downward adjustment of \$387.7 million for the remainder of the biennium, for a total general fund revenue reduction of \$2,901.4 million.

The downward revisions to general fund revenues of \$2,901.4 million, when combined with net spending requirements of about \$310.5 million, result in a total biennial budget shortfall of approximately \$3.2 billion. The Governor's proposed amendments to the 2008-10 budget (Chapter 879, 2008 Session) include five primary strategies for closing the budget shortfall:

- 1) A withdrawal in FY 2009 of \$490.0 million from the Revenue Stabilization Fund ("Rainy Day Fund");
- 2) Tax policy changes of about \$291.9 million, including \$154.9 million NGF from an increase in tobacco taxes to offset projected Medicaid expenses;
- 3) Across-the-board and targeted reductions to general fund agencies and programs totaling \$1,713.1 million, including \$242.3 million from eliminating the funded 2 percent pay increases;
- 4) Utilizing \$377.9 million in nongeneral fund balances and transferring other NGF sources to the general fund; and
- 5) Supplanting \$350 million of general fund capital projects with bonded debt.

### Revenues

The reforecast submitted by the Governor in October lowered the general fund revenue estimate by \$973.6 million in FY 2009 and \$1.5 billion in FY 2010, for a biennial total of \$2.5 billion. The subsequent November reforecast lowered the biennial estimate by an additional \$387.7 million, bringing the total downward revision to \$2.9 billion, including transfers. Forecast revisions in the introduced budget are based generally on the Global Insight November standard economic outlook that anticipates a four-quarter recession, modified to reflect collections through the first five months of the fiscal year for payroll withholding, sales and recordation taxes. Individual nonwithholding and corporate tax collections were left unchanged from the October forecast revisions and will be reevaluated once the fourth quarter estimated payments are received.

The revenue growth rates assumed in HB 1600/SB 850 are -4.8 percent in FY 2009 and 4.0 percent in FY 2010. If existing and proposed tax policy changes are excluded, growth rates are -2.8 percent in FY 2009 and 3.0 percent in FY 2010.

A more complete overview of revenues, along with proposed tax policy changes which add \$291.9 million (inclusive of the \$154.1 million tobacco products tax proposal) in revenue are detailed in the Resource section of the summary.

## Spending Increases

The proposed budget includes new spending of about \$430.0 million GF, of which more than \$300.0 million is driven by federal and state mandates and caseload increases.

A summary of significant general fund spending increases and spending reduction in each major area follows.

**Public Education.** The Governor's proposed amendments in public education result in a net decrease of \$691.9 million GF, for a total of \$10,962.4 million GF for Direct Aid for the biennium. The majority of the GF savings, \$583.7 million, occur in the second year of the budget. The largest proposed budget action changes the current policy for how the state funds non-classroom educational support positions. This action applies a funding cap of one funded support position to every 4.03 funded instructional positions and saves \$340.9 million GF the second year. Along with the cap, the Governor recommends a new funding loss allocation of \$60.9 million for those localities most affected by the policy change. The new funding cap ensures that localities will not lose more than \$403.90 per student due to the policy change.

The budget proposes to eliminate the second year 2 percent pay adjustment and makes a slight reduction to the contribution rates for retiree health care credit and group life, saving \$71.6 million GF and \$2.7 million GF the second year, respectively. Other proposed actions include supplanting Literary Funds for general funds to cover a portion of teacher retirement payments (a net reduction of \$42.6 million GF in FY 2009 and \$11.8 million GF in FY 2010).

The proposed budget eliminates the use of Lottery funds for school construction grants and reassigns six programs to be funded from Lottery proceeds (Alternative Education, Individual Student Alternative Education Plan, Special Education - Regional Tuition, NCLB, Project Graduation) and moves two programs (Enrollment Loss and Remedial Summer School) out of the Lottery Fund resulting in total net savings of \$55.8 million the second year. In addition, the Governor's budget recommends decreasing the estimates for Lottery revenue by \$30.5 million in FY 2009 and \$30.8 million in FY 2010. Further, the budget recommends eliminating \$27.5 million GF from the school facilities construction grant program in the second year.

The Governor's proposed budget includes several actions that impact sales tax, adding about \$9.2 million in the second year. This amount is offset by the revised October and December sales tax forecast estimates that reduce funding by \$30.0 million in FY 2009 and \$44.2 million in FY 2010. A technical adjustment based on the 2008 triennial school census adds \$4.6 million to basic aid payments the second year. Additional technical adjustments related to updated student membership, student participation and test scores decreases funding to the SOQ, incentive and categorical programs by \$35.7 million in FY 2009 and \$47.4 million in FY 2010.

**Higher Education.** Proposed amendments result in a net decrease of \$309.7 million GF or 8 percent when compared to the original appropriation. This reflects a decrease of \$340.8 million GF offset by \$31.1 million GF in new spending, primarily for student financial aid. Most of the reductions in higher education are the result of across-the board strategies. Institutions of higher education received either a 5 or 7 percent reduction in FY 2009. In FY 2010, four-year institutions received a 15 percent reduction and two-year institutions received a 10 percent

reduction. Financial aid support totaling \$25.9 million GF is provided in part to help reduce past and future tuition increases as the result of declining general fund support.

**Health and Human Resources.** The introduced budget for Health and Human Resources agencies reduced spending by a net total of \$222.1 million GF over the biennium. New biennial spending of \$296.1 million GF is offset by proposed reductions of \$518.2 million GF. Balances from agency funds and transfers of nongeneral fund revenue to the general fund increase proposed savings by \$65.2 million GF over the biennium.

Funding reductions for the Medicaid program include a proposed increase in the cigarette tax from 30 to 60 cents per pack effective July 1, 2009. The 30-cent per pack increase is expected to generate \$154.9 million GF in FY 2010. Revenues from the tax are deposited into the Virginia Health Care Fund, which are used to match federal Medicaid funds. Therefore, an increase in revenues allows for a reduction in general funds. Targeted reductions in Medicaid involve shifting and reducing provider payments for a savings of \$151.1 million, and capping enrollment and services in long-term care waivers saving \$24.8 million GF. In addition, Medicaid savings of \$7.1 million GF are realized by implementing a provider assessment on intermediate care facilities for the mentally retarded (ICF-MRs).

Other significant reductions include \$16.0 million GF in savings in FY 2010 from the closure of Southeastern Virginia Training Center, the children and adolescent unit at Southwestern Mental Health Institute and the Commonwealth Center for Children and Adolescents located on the Western State Hospital campus. In addition, a savings of \$12.0 million GF is included in the Comprehensive Services Act program from lower utilization of services.

Mandated spending on Medicaid and children's health insurance programs, due to enrollment and utilization increases, is fully funded in the introduced budget with \$280.1 million GF for the biennium. An additional \$1.8 million is provided for medical services due to increases in temporary detention orders. The budget also includes an additional \$1.7 million GF for a 3 percent increase in rates for consumer-directed personal care for individuals enrolled in Medicaid home- and community-based waivers. In the Department of Social Services, an additional \$2.4 million GF is provided to cover the increased cost of adoption subsidy payments and an additional \$1.0 million in FY 2009 is provided for the Federation of Virginia Food Banks.

**Public Safety.** Proposed amendments result in a net reduction of \$124.5 million GF or 3.4 percent less than the budget as approved in Chapter 879. The proposed budget includes a series of amendments intended to reduce the future growth of the state- and local-responsible offender population, including language authorizing early release and behavioral corrections programs, as well as \$0.4 million for temporary probation and parole officers, \$0.7 million for ten additional teachers, and \$3.0 million for expanded pre-trial release programs. The proposed budget includes the closure of six correctional facilities and the remaining day reporting centers and the elimination of funds for transitional therapeutic community (TTC) substance abuse treatment programs. These actions result in the elimination of 697.5 positions and an estimated 330 layoffs in the Department of Corrections. The proposed budget for the Department of Juvenile Justice includes the closure of Camp New Hope and the Virginia Wilderness Institute,

as well as the elimination of 45 positions in local juvenile court services units. In the Department of State Police, the 115<sup>th</sup> and 116<sup>th</sup> Basic Trooper Schools are postponed to April and November, 2009, respectively. Separate legislation will be introduced to increase the fee for instant criminal background checks from \$2 to \$5, providing an additional \$1.5 million from nongeneral funds. Legislation approved last year increased the \$4 for Life program to \$4.25. The proposed budget supplants \$1.6 million in general funds for the med-flight program with an equal amount of nongeneral funds from the Rescue Squad Assistance Fund.

**Compensation.** The budget as introduced includes savings of \$168.2 million from elimination of the FY 2009 and FY 2010 2 percent salary increases for classified employees, state-supported local employees, and faculty. Other proposed decreases include \$33.1 million GF from changes in the actuarial methodology used to calculate premiums for non-retirement benefits provided by the VRS and elimination of the long-term care benefit under the Virginia Sickness and Disability Program.

**Central Appropriations.** General fund increases total \$16.0 million, and include \$13.3 million to pay institutions of higher education the interest earned and rebates on charge card purchases. Other proposed increases include \$1.3 million for the two-year college transfer grant program, \$628,965 for transition and inaugural expenses for the newly-elected state-wide officers, \$438,208 GF as the first installment on the actuarial liability created by payment of the costs of providing enhanced retirement benefits under the Workforce Transition Act of 1995, and \$376,280 GF to convert the payroll services bureau that is operated by the Department of Accounts to an internal service fund.

**Administration.** The Governor's proposed amendments for Administration result in a net decrease of \$63.2 million GF and an increase of \$16.1 million NGF for the biennium. This represents a 4.4 percent reduction in GF appropriations for the biennium. The only significant spending initiative is \$3.5 million GF in the second year for staffing at new jails, which is partially offset by a decrease of \$1.0 million in funding the first year due to the delay in the opening of the second phase of the Riverside Regional Jail. The majority of the savings proposals are included within the Compensation Board's budget. The introduced budget proposes a reduction of \$55.9 million GF for the Compensation Board including \$43.5 million from reduced funding for constitutional officers, savings of \$12.0 million GF from supplanting E-911 funds with general funds to support dispatcher positions, and one-time savings of \$1.5 million GF from supplanting general funds with technology trust fund revenue to support circuit court clerk offices.

**Finance.** Proposed amendments for the Finance secretariat result in a net decrease of \$21.3 million general funds for the biennium, representing a 1.6 percent reduction from the budget approved in Chapter 879. In addition to the expenditure reductions, there are several initiatives within the Secretariat which are expected to result in \$29.3 million in additional revenues during the biennium. The majority of this revenue, \$22.9 million, is realized from the initiative within the Department of Taxation to enhance tax compliance efforts. Significant spending initiatives within the Secretariat include \$5.8 million for the Department of Taxation to hire 55 new tax compliance audit staff; and \$2.1 million to relocate Tax staff to the Main Street

Center, and a \$3.5 million net increase in debt service expenditures at the Treasury Board. Significant savings initiatives within the Secretariat include \$5.5 million in savings at the Department of Accounts from reverting to pay-as-you-go for the Line of Duty Benefit, \$9.7 million in savings at the Treasury Board from delaying the issuance of Higher Education Equipment Trust Fund bonds and savings of \$8.6 million from deferring the payment of principle on VCBA variable rate bonds.

*Natural Resources.* Proposed amendments include general fund reductions of \$24.0 million offset by general fund increases of \$11.8 million. Additional spending items for the biennium include \$10.0 million GF and \$10.0 million NGF for the Natural Resources Commitment Fund. These funds are used to support agriculture best management practices designed to improve water quality. An additional \$1.5 million GF is included to provide the statutorily required deposit to the Water Quality Improvement Fund.

*Agriculture and Forestry.* Amendments for the Agriculture and Forestry secretariat include reductions of \$9.1 million in general funds, or 8.9 percent from the budget approved in 2008. General fund reductions for the Department of Agriculture and Consumer Services total \$4.9 million. Targeted reductions include \$890,000 GF and elimination of seven FTE positions in the Division of Charitable Gaming and the reduction of \$500,000 GF in the state match for local purchase of development rights programs. General fund reductions for the Department of Forestry total \$4.2 million. Targeted reductions include \$589,000 GF generated by consolidating from six regional offices to three and approximately \$1.0 million from eliminating 23 positions throughout the agency.

*Commerce & Trade.* Proposed amendments to the agencies of the Commerce and Trade secretariat include general fund reductions of \$17.6 million and nongeneral fund increases totaling \$378.9 million. Spending reductions include the elimination of economic incentive payments of \$8.8 million GF that will not be required under the Semiconductor Memory or Logic Wafer Manufacturing Performance Grant Fund. Additional biennial general fund reductions of \$6.6 million are included for the Indoor Plumbing and Enterprise Zone grant programs within the Department of Housing and Community Development. Offsetting these savings, the budget proposes a general fund increase of \$5.0 million in the second year for the Governor's Opportunity Fund and an additional appropriation of \$1.6 million in the second year for the Fort Monroe Federal Area Development Authority.

*Technology.* Proposed amendments include \$1.3 million in general fund reductions and \$10.2 million in nongeneral fund reductions. The general fund reductions largely reflect the Governor's approved October savings strategies. The two most significant actions proposed in the introduced budget include a merger of the Virginia Enterprise Applications Program Office (VEAP) and the Virginia Information Technologies Agency (VITA), and a reduction of \$6.0 million each year in nongeneral fund appropriations for the Wireless E-911 program operated by VITA. This amount is subsequently transferred to the Compensation Board to support the costs of dispatchers in sheriffs' offices.

**Transportation.** Proposed amendments include a nongeneral fund revenue reduction of \$670.1 million compared to Chapter 879, reflecting reduced growth in a number of transportation revenue sources, in particular motor vehicle titling taxes and recordation taxes. With minor exceptions, the budget does not include any transfers of transportation funds to the general fund to address the GF budget shortfall. The adjustments simply reflect changes in available transportation revenues. The reductions are contained in a single item in each agency and are not integrated into the specific programs. Similarly, there is no language specifying how the agencies intend to implement the reductions by program, roadway system or geographic area. Across the Secretariat, the proposed amendments reduce the agencies' maximum employment level by 1,163 fulltime equivalent positions. All but 13 of the eliminated positions are at VDOT which is reducing its MEL from 9,500 to 8,350 by the end of the biennium.

**Capital Outlay.** Proposed amendments include a net increase of \$309.3 million in project funding. Specific actions include supplanting \$350.0 million from the state general fund with tax-supported bonds from the Virginia College Building Authority (VCBA) and the Virginia Public Building Authority (VPBA), supplanting \$56.0 million of nongeneral fund cash with tax-supported VCBA bonds, providing \$26.2 million in VCBA bonds for equipment for buildings scheduled to be completed, providing \$25.8 million in 9(c) bond authority and \$111.3 million in 9(d) bond authority primarily for auxiliary enterprise and other nongeneral fund revenue-supported projects at the colleges and universities, and proposing \$71.6 million in nongeneral fund cash projects.

**Judicial.** Proposed amendments result in a net increase of \$7.0 million from the general fund, or 0.9 percent above the budget approved by the 2008 General Assembly. The only increases are \$5.4 million each year for the Criminal Fund and \$0.6 million each year for the Involuntary Mental Commitment Fund. Total budget reductions include \$2.0 million the first year and \$3.0 million the second year, as detailed in the budget reduction plan proposed by the Chief Justice.

**Independent Agencies.** The proposed budget results in a decrease of \$100,000 GF and a net reduction of \$1.6 million NGF for independent agencies. General fund savings are realized from a decrease of \$50,000 each year for the Volunteer Firefighter's and Rescue Squad Workers' Service Award program within the Virginia Retirement System. Other amendments include a \$13.8 million NGF decrease in the distribution from the Uninsured Motorist Fund and a \$10.0 million NGF increase in the appropriation for the Virginia College Savings Plan to meet expected payouts from the plan in the second year. In addition, the budget assumes the State Corporation Commission will transfer \$1.1 million in unobligated cash balances to the general fund in the first year of the biennium.

## Resource Changes for 2008-10

The revenue reforecasting process undertaken this fall resulted in a net forecast reduction of available GF revenues (including transfers) of \$2.9 billion. After technical adjustments to transfers (ABC profits, ¼ cent sales tax for education) and proposed tax policy changes to offset the shortfall are taken into account, the revised biennial general fund revenue forecast is \$2.64 billion less than assumed when Chapter 879 was adopted by the 2008 General Assembly.

The Governor proposes to offset the December revenue shortfall of \$2.9 billion through the following actions: (1) a \$490.0 million withdrawal from the Revenue Stabilization Fund (RDF), (2) tax policy adjustments totaling \$137.8 million GF (the proposed cigarette tax increase is non-general fund revenue, (3) \$182.9 million in increased transfers and miscellaneous actions and (4) \$2.1 billion in across-the-board and targeted program reductions in the form of proposed amendments to Chapter 879.

### Changes in Revenue

Fiscal year 2008 ended with general fund revenues exceeding the forecast by \$15.9 million. However, better than expected performance in corporate collections offset shortfalls in individual income tax withholding and sales tax, the largest tax sources and those most reflective of the overall economy. Therefore, it was evident in the summer that additional downward revisions to the revenue forecast would be required.

Forecast revisions in the introduced budget are based generally on the Global Insight November standard economic outlook that anticipates a four-quarter recession, modified to reflect collections through the first five months of the fiscal year for payroll withholding, sales and recordation taxes. Individual nonwithholding and corporate tax collections were left unchanged from the October forecast revisions and will be reevaluated once the fourth quarter estimated payments are received (the reforecast submitted by the Governor in October lowered the revenue estimate by \$973.6 million in FY 2009 and \$1.5 billion in FY 2010, for a biennial total of \$2.5 billion. The subsequent November reforecast lowered the biennial estimate by an additional \$387.7 million, bringing the total downward revision to \$2.9 billion, including transfers).

The revised revenue economic growth rate assumption, net of adopted and proposed tax policy changes, is -2.8 percent for FY 2009 and 3 percent for FY 2010, with a corresponding revenue reduction of \$2,839.6 million (not including transfers). When adopted and proposed tax policy changes (proposed changes are outlined in the following table), and other revenue adjustments are included, the revenue growth rates are -4.8 percent for FY 2009 and 4 percent for FY 2010.

Beyond proposed tax policy changes that add a biennial total of \$137.8 million in general fund revenue (the proposed cigarette tax increase is non-general fund revenue), additional revenue enhancements include a one-time settlement with the federal government regarding Title IV-E funds, the addition of 55 auditors at the Tax Department to produce \$22.9 million in additional tax compliance collections, proceeds of property sales and reduction of certain bank deposit balances in order to reinvest the funds at higher interest rates as outlined below.

Major features of tax policy changes include: (1) retaining an additional 1/3 of excess state fees that Circuit Court clerks collect beyond the cost of their office operations (clerks currently retain 2/3rds and the state retains 1/3rd); (2) eliminating the sales tax dealer discount in FY 2010 (the discount ranges from 2 percent for dealers with monthly taxable sales over \$208,000 to 4 percent for dealers with sales under \$62,500 per month); (3) eliminating a corporate tax loophole for non-financial institutions related to placement of real estate in a real estate investment trust controlled by the corporation for the purpose of gaining a business tax deduction for rental payments made to the trust and receipt of revenue distributions from the trust tax free; (4) annual advancement of the date for conformity with federal tax law with the primary revenue raising provision being modification of tax treatment for Offshore Nonqualified Deferred Compensation (H.R. 1424: The Emergency Economic Stabilization Act of 2008); and (5) reducing the amount of the Land Preservation Tax Credit that a taxpayer can claim against TY 2010 liability from \$100,000 to \$50,000 with the provision that the difference can be claimed in future years.

The combined effect of economic forecast revisions, revenue enhancements and proposed tax policy changes result in the following revenue changes by source:

**Changes in Transfers**

Major transfer increases include a proposed withdrawal from the Revenue Stabilization Fund in FY 2009 of \$490.0 million, the capture of \$74.1 million in special fund and other nongeneral fund balances to help address the revenue shortfall (October and December budget reduction plans), and the transfer of \$48.9 million of nongeneral fund balances from the University of Virginia and \$7.1 million from Radford University in exchange for state issuance of debt for hospital and auxiliary enterprise projects at the schools.

Major transfer reductions include technical adjustments to reflect \$51.0 million less in sales tax that will be collected for the ¼ cent that is transferred to the general fund and movement of NGF interest from transfers to revenue (with a resulting reduction of \$5.4 million to reflect lower interest yield).

**Changes in the Balance**

The majority of changes in the June 30, 2008 balance and adjustments thereto reflect technical accounting changes that are routinely required to reconcile the Comptroller's year-end

report with budget actions anticipated in Chapter 879 and to account for FY 2008 unspent balances.

A total of \$40.7 million of unspent agency balances were reverted to help address the revenue shortfall. The reappropriation of unspent balances includes: \$440.3 million in agency mandatory and discretionary balances (includes \$17.1 million in savings identified by the Governor in the 2008 reconvened session which will be unallotted in FY 2009) and \$382.9 million for active capital projects (\$350.0 million of which is proposed to be shifted to debt in HB 1600/SB 850).

Other adjustments include reinstatement of a \$21.3 million sum sufficient natural disaster appropriation, transfer of the \$50.0 million Capital Planning Fund to a NGF account, and the pullback of \$7.0 million from the Capital Planning Fund for the Charlotte County prison which will be handled through a public-private partnership.

# Legislative

There are no changes recommended to the budget, as adopted, for the Legislative Department for the 2008-10 biennium, except to remove proposed salary increases for the Clerks of the Senate and the House of Delegates and other legislative agency heads which had been scheduled to take effect on November 25, 2008, and November 25, 2009. The total budget for the Legislative Department is \$138.2 million from the general fund for the 2008-10 biennium.

# Judicial

Proposed amendments for the Judicial Department for the 2008-10 biennium result in a net increase of \$7.0 million from the general fund, or 0.8 percent above the budget approved by the 2008 General Assembly. The only increases are \$5.4 million each year for the Criminal Fund and \$610,076 each year for the Involuntary Mental Commitment Fund. Total budget reductions include \$2.0 million the first year and \$3.0 million the second year. The recommended changes result in a total budget of \$817.4 million GF for the 2008-10 biennium.

The proposed amendments eliminate the salary increases for justices and judges scheduled to take effect on November 25, 2009. However, the proposed amendments do not eliminate the salary increases for justices and judges which took effect on November 25, 2008, consistent with Article VI, Section 9 of the Constitution of Virginia, which states "The salary of any justice or judge may not be diminished during his term of office".

# Administration

The Governor's proposed amendments for Administration result in a net decrease of \$63.2 million GF and an increase of \$16.1 million NGF for the biennium. This represents a 4.4 percent reduction in GF appropriations for the biennium.

The only significant spending initiative is \$3.5 million GF in the second year for staffing at new jails, which is partially offset by a decrease of \$1.0 million in funding the first year due to the delay in the opening of the second phase of the Riverside Regional Jail.

The majority of the savings initiatives are included within the Compensation Board's budget. The introduced budget proposes a reduction of \$55.9 million GF for the Compensation Board including \$43.5 million from reduced funding for constitutional officers, savings of \$12.0 million GF from supplanting E-911 funds with general funds to support dispatcher positions, and one-time savings of \$1.5 million GF from supplanting general funds with technology trust fund revenue to support circuit court clerk offices.

Included in the budget under Administration is a \$463,125 GF reduction in the second year from merging the Human Rights Council into the Department of Labor and Industry. This is not an actual reduction as this funding will be reflected within the Secretariat of Commerce and Trade.

- **Secretary of Administration**

- *Reduced Funding for Public Broadcasting Board Grants.* Proposes reductions of \$318,070 GF the first year and \$636,139 GF the second year in the community service and instructional television services grants to public television and radio stations. The savings in the first year is the result of a delay in the opening of the second phase of the Riverside Regional Jail. The second year increase results from the staffing needs at the Loudon Jail, the New River Regional Jail, and the Newport News Jail.
- *Reduce Funding for Constitutional Offices.* Recommends a reduction of \$43.5 million GF the second year in the appropriations for the constitutional officers.

The budget proposes a 10 percent reduction for Commissioners of Revenue, Treasurers, Directors of Finance, and the Clerk of Circuit Courts, and a 7 percent reduction Sheriffs and Commonwealth's Attorney offices.

- ***Eliminate Funding for the Constitutional Officers' Retiree Health Care Credit.*** Assumes \$402,725 GF savings in the second year of the biennium from eliminating the state funding for the retiree health care credit for constitutional officers. These funds are supplanted with a \$1.5 million NGF appropriation from the Circuit Court Clerks' Technology Trust Fund. This is intended to be a one-time savings.

Planned actions include reducing expenditures for temporary labor, computer equipment, rent, and travel and training. These savings initiatives are continued in the second year in the Department of Human Resources Management’s budget.

- **Department of General Services**

- *Transfer Positions to the Virginia Enterprise Applications Program.* Transfers nine positions from the Department to the Virginia Enterprise Applications Program along with the responsibility for oversight of the Virginia Election, Registration and Information System (VERIS).

## Commerce and Trade

The Governor's proposed amendments for Commerce and Trade provide a net reduction of \$17.6 million GF and a net increase of \$ 378.9 million NGF when compared to Chapter 879. This represents a 6.7 percent reduction in general fund appropriations for the biennium. The largest spending reductions result from the elimination of economic incentive payments not required because the companies did not meet performance criteria. This includes \$8.8 million GF under the Semiconductor Memory or Logic Wafer manufacturing Performance Grant Fund and \$1.5 million under the Virginia Investment Partnership (VIP) program. In addition, targeted reductions announced in October, 2008 are continued including \$3.2 million GF for the biennium to both the Indoor Plumbing and Enterprise Zone grant programs within the Department of Housing and Community Development.

These reductions reflect the elimination of payments to companies that have not met the investment and job creation criteria required by the performance agreements.

## Public Education

The Governor's proposed amendments to the 2008-10 biennial budget for Direct Aid to Public Education result in a net decrease of \$691.9 million GF and a net decrease of \$6.9 million NGF when compared to Chapter 879, 2008 regular session, for a revised total of \$10,962.4 million GF and \$2,886.8 million NGF for the biennium. The majority of the general fund savings occur in fiscal year 2010. These adjustments are due to: technical and mandated adjustments (attributable to the projected slowing of enrollment growth), a proposed policy change for support positions, elimination of a salary adjustment, and elimination of construction grants.

- **Direct Aid to Public Education**

- *Technical Changes to Funding.* Includes a net savings of \$65.7 million GF the first year and \$80.2 million GF the second year for technical adjustments to Standards of Quality, Incentive, and Categorical funding due to the following:

- ***Updated Projected ADM.*** Updates the Standards of Quality (SOQ) and Incentive-based programs for an estimated savings of \$31.2 million GF in FY 2009 and \$42.0 million GF in FY 2010 reflecting student enrollment projections based on March 31, 2008 Average Daily Membership (ADM) and September 30, 2008 fall membership student totals. Enrollment is estimated to decrease by 4,717 students in the unadjusted ADM the first year from the projected March 2009 ADM of 1,200,102, and decrease by 4,154 students the second year, from an estimated total of 1,207,692 students in FY 2010.

The updated enrollment impacts funding for the following SOQ accounts: Basic Aid, Textbooks, Vocation Education, Gifted Education, Special Education, Prevention, Intervention and Remediation, VRS Retirement, Social Security and Group Life.

- ***Technical Update for Participation, Special Enrollments, and Test Scores to Incentive, Categorical and Lottery Accounts.*** Reduces funding \$2.0 million GF the first year and \$1.7 million GF the second year based on actual student participation in the current year for certain incentive and categorical programs.
  - ***Incentive Programs Technical Updates.*** The amended budget includes technical updates to the following four programs: Alternative Education, Governor's Schools, Special Education - Regional Tuition and VPSA Technology. Funding is reduced by \$240,434 in FY 2009 and increased by \$236,699 in FY 2010.
  - ***Categorical Programs Technical Updates.*** The amended budget includes technical updates to the following four programs: Special Education - Homebound, Special Education - State Operated Programs, Special Education - Jails, and American Indian Treaty Commitment. Funding is reduced by \$1.7 million in FY 2009 and by \$1.9 million in FY 2010.
  - ***Lottery Programs Technical Updates.*** The amended budget includes technical updates to the following five programs: Remedial Summer School, K-3 Primary Class Size Reduction, Early Reading Intervention, School Breakfast and Foster Care. The savings from the participation updates were added to the revised Additional Support for School Construction and Operating costs account for FY 2009. However, that account was eliminated in FY 2010 in order to fund the six programs that were moved into the Lottery Funded Program section of the budget as well as the proposed new Funding Loss Cap account.
- ***Revised Sales Tax Revenue Estimate and Basic Aid Off-Set.*** The net sales tax revenues from the one cent portion and the additional one-eighth cent sales tax from the Public Education SOQ/Real Estate Property Tax Relief Fund that are dedicated for public education and distributed based on school-aged population have been revised downward based on the reforecast of sales tax estimates.

- The revised sales tax revenue estimates are budgeted at \$1,126,230,556 in FY 2009 and \$1,175,149,722 in FY 2010 resulting in a decrease of \$68.5 million and \$80.1 million respectively. However, these amounts are offset by an increase in state funding in the basic aid account of \$38.5 million in FY 2009 and by \$45.1 million in FY 2010.
  - The revised FY 2010 sales tax estimate of \$1.2 million includes \$9.2 million generated from proposed tax policy changes.
- ***Other Technical Adjustments to the SOQ Accounts.*** For FY 2010 the following technical adjustments are proposed: 1) \$6.8 million to cover the cost of correcting the special education student totals for Hanover County school division, 2) an additional \$4.6 million to reflect updates from the 2008 Triennial School Census data of school-aged population.
  - ***Revised Lottery Forecast.*** Revises downward the estimate of projected Lottery Proceeds Fund revenue by \$30.5 million in FY 2009 and by \$30.8 million in FY 2010, resulting in net totals of \$430.5 million and \$430.2 million respectively. The revised total for FY 2009 is inclusive of \$300,000 which was brought forward as an unallocated available balance from FY 2008.
  - ***Policy Change for Lottery Funded Programs.*** Currently, Lottery funds for FY 2009 are distributed directly to school divisions for the following nine programs: Remedial Summer School, Foster Care, Enrollment Loss, At-Risk, VPI, Early Reading Intervention, Mentor Teacher, K-3 Class Size Reduction, School Breakfast, and SOL Algebra Readiness.

After the state's share of the lottery programs are funded, the remaining balance is distributed based on a per pupil basis via the Additional Support for School Construction and Operating Costs account.

For FY 2010, the amended budget proposes two policy changes that reallocate all of the Lottery funds in the Additional Support for School Construction and Operating Costs.

The first policy change reassigns six program accounts previously funded with general funds and to provide a one-time Funding Loss Supplement as a part of the Governor's proposal to cap support positions. These programs are: Alternative Education, ISAEP, Special Education - Regional Tuition, Vocational Education - Categorical, NCLB/ EFAL, and Project Graduation. The budget also reinstates Remedial Summer School and Enrollment Loss accounts back into the general fund. The net effect of this proposal is a \$55.8 million GF savings the second year.

The second policy change would redirect the remaining \$60.9 million for a one-time Funding Loss Supplement as part of the Governor's proposal to cap cost of support positions. The payment would limit the per pupil reduction to a maximum of \$403.90 per pupil in FY 2010.

- ***Support Position Policy Changes.*** The amended budget establishes a funding cap based on the ratio of the total number of funded SOQ support positions relative to the number of funded instructional-based SOQ positions. The cap is based on the ratio of one support position per 4.03 SOQ funded instructional positions. This ratio is based on a linear weighted average of the latest three fiscal years of SOQ recognized instructional and support positions as reported by school divisions on the Annual School Report. By applying the 1 to 4.03 ratio, funding is provided for the affected support positions at a rate of 18.71 positions per 1,000 students in ADM. This position funding level was determined by applying the one support position to a 4.03 instructional position ratio to the estimated 75.39 SOQ instructional positions per 1,000 students in FY 2010. The funding cap is not applied to the following support positions: division superintendent, school board members, school nurses, or school bus drivers. This proposed policy change will save an estimated \$340.9 GF million in FY 2010. Some of the deduction is mitigated by the \$60.9 million GF Funding Loss Supplement.
- ***Remove Salary Compensation Supplement.*** The proposed budget eliminates the 2 percent compensation supplement payment in the adopted budget for instructional and support positions, to be effective July 1, 2009. This action will save a net \$71.6 million GF the second year.
- ***Increase Literary Fund Transfer for Teacher Retirement.*** The amended budget supplants general funds with Literary Funds to support the state share of the cost for teacher retirement by \$42.6 million in FY 2009 (an increase from \$186.1 million to \$228.7 million), and by \$11.9 million, (from \$111.1 million to \$123.0 million) in FY 2010. These actions do not affect division per pupil amounts or projected entitlements for VRS retirement.
- ***Interest Rate Subsidy Program.*** Language in the Governor’s proposed budget authorizes the Virginia Public School Authority to provide approximately \$8.6 million in FY 2009 from the Literary Fund for the interest rate subsidy program for projects on the First Priority Waiting List. For FY 2010, the \$20.0 million approved from the Literary Fund for the interest rate subsidy program is eliminated.
- ***Update Group Life and Retiree Health Care Credit Rates.*** The amended budget proposes lower employer contribution rates in the second year for Group Life from 0.33 percent to 0.27 percent for a \$1.7 million GF savings and for the Retiree Health Care Credit from 1.08 percent to 1.04 percent for a \$1.0 million GF savings.
- ***Eliminate School Construction Grants Program.*** The proposed amended budget eliminates \$27.5 million GF the second year for school construction.
- ***Reduction to State-Operated Programs.*** The proposed budget includes closure of two mental health facilities in FY 2010. The Southwestern Virginia Mental Health Institute’s Adolescent Unit in Smyth County and the Commonwealth Center for Children and Adolescents in Staunton are planned for closure by July 1, 2009. The educational services at the Adolescent Unit and the Commonwealth Center for

Children and Adolescents are provided by Smyth County and Staunton City public schools, respectively. The proposed closures will save an estimated \$1.9 million GF the second year.

- ***Reduction to Supplemental Education Assistance Programs.*** The proposed action in the amended budget reduces funding to the following programs in the second year: Career and Technical Education Resource Center by \$108,210; Jobs for Virginia Graduates by \$135,263; Small School Division Assistance (Norton City school division) by \$54,104; Southside Virginia Technology Consortium by \$25,700; Southwest Virginia Public Education Consortium by \$54,105; Virginia Education Foundation by \$13,52; and the Van Gogh Outreach program by \$13,222.
- ***Proposed Language Changes.*** The amended budget provides school divisions with flexibility to hire full-time specialists and additional teachers using Instructional Technology, Early Reading Intervention, SOL Algebra Readiness, and SOQ Prevention, Intervention, and Remediation funds for related supplemental curriculum assistance to students during the regular school day.
- ***Allow Remaining Funds from FY 2009 to Carry Over to FY 2010.*** The amended budget allows any division that has met its FY 2009 required local effort for the SOQ or required local match for incentive, school construction, or Lottery-funded programs to carry over into FY 2010 any unused state funds.

## Higher Education

The Governor's proposed amendments for higher education result in a net decrease of \$309.7 million GF or 8 percent when compared to the original appropriation. This reflects a decrease of \$340.8 million GF offset by \$31.1 million GF in new spending primarily for student financial aid. In addition, the Governor proposes the elimination of faculty pay raises in both years of the biennium in Central Accounts for a reduction of \$37.0 million GF.

The remaining institutions were assessed a 7 percent reduction. The second year reductions are about 15 percent for all four-year institutions and 10 percent for the community colleges and Richard Bland College.

Note (1): The reduction base for SCHEV excludes funding for Tuition Assistance Grants, Eminent Scholars, the Va. Women's Institute for Leadership and Virtual Library in each year. The first year base takes into account \$1.3 million in financial aid balances which were reverted as part of the proposed reduction actions.

- Eliminate Tuition Moderation Incentive Fund.** Proposes a reduction of \$6.3 million GF the first year and \$12.6 million GF the second year to phase out the additional operating support provided by the General Assembly in the form of a Higher Education Tuition Moderation Incentive Fund. The Fund provided support to those institutions that moderated their increase of tuition and mandatory educational and general fees for in-state undergraduate students to not more than 4 percent for each year of the biennium (1 percent of the increase was to be used solely for student financial aid for in-state undergraduate students.) The first year amount is the required reversion of 50 percent of the funding that would have been allocated to nonparticipating institutions. The higher education institutions that participated in the first year of the Fund will retain almost \$5.0 million GF in the second year.
- Phase-out Tuition Assistance Grant Program (TAG) for Graduate Students.** Recommends a decrease of \$2.1 million GF in FY 2010 to phase-out support for graduate

tuition assistance grant awards. As of July 1, 2009, additional graduate students will not be eligible for this program. Currently, graduate TAG awards are approximately \$2,200 per year.

- **Eliminate Eminent Scholar Program.** Recommends the elimination of the Eminent Scholar program for a reduction of \$6.0 million GF in FY 2010. The program was established in 1964 and designed to match endowment earnings on a dollar-for-dollar basis with funds used to supplement faculty salaries and attract eminent faculty. The fund is meeting less than 25 percent of eligible funding levels with about two-thirds of the funding allocated to the University of Virginia and the College of William and Mary.
- **Eliminate Faculty Salary Increases.** Eliminates \$9.6 million GF the first year and \$27.4 million GF the second year in Central Appropriations for a 2 percent faculty salary increase in each year of the 2008-10 biennium. The increase would have been provided to instructional and administrative faculty, adjunct faculty, and graduate teaching assistants.
- **Eliminate Pay Practice Funding.** Removes the one-half percent pay practices funding granted to higher education and affiliated institutions in the prior biennium, which saves \$2.2 million GF the second year.
- **Undergraduate Student Financial Aid.** Proposes \$25.9 million GF in the second year for need-based undergraduate student financial assistance for in-state undergraduate students to help address recent and anticipated tuition and fee increases. This funding is allocated to 12 of 17 institutions in order to bring all institutions to 65 percent of the amount recommended under the SCHEV Partnership Model, a model that directs funding to students with the greatest need. Over \$18.2 million GF was previously provided for this purpose for the 2008-10 biennium.

\*Old Dominion University originally received \$1.5 million GF per year for modeling and simulation as part of the continuation of research funds at higher education institutions in the 2008-10 budget passed by the General Assembly. An executive amendment moved the entire appropriation to the first year.

- **Higher Education Restructuring Financial Incentives.** Includes \$13.3 million GF for FY 2010 (to be transferred from Central Accounts) for estimated interest earnings from tuition and fees and other nongeneral fund E&G revenues and a rebate on certain credit card purchases. This was one of the incentives under restructuring that institutions were granted if they successfully meet stated performance benchmarks. Funding of \$16.7 million GF was previously included for FY 2009. However, no funding was provided for FY 2010 in the 2008 General Assembly Session.
- **Restructuring Language.** Proposes several changes to the annual assessment of institutional performance required under the Higher Education Restructuring Act. Changes include having both annual and biennial performance measures, revising affordability measures around graduation rates and financial aid, and redefining the administrative and financial measures depending upon the level of autonomy in which each institution operates.
- **Transfer Grant Program.** Proposes an additional \$1.3 million GF the second year (Central Accounts) for the two-year college transfer grant program based on estimated participation and proposed changes in eligibility requirements for the maximum award. The total FY 2010 appropriation would increase to \$3.1 million GF.

- **Across-the-Board Reductions to Other Education Agencies.** Proposes a reduction of \$5.1 million GF the first year and \$5.4 million GF the second year. Reductions in each year are generally 15 percent for each agency with the exception of the Library of Virginia, which received a reduction of 2 percent in the first year and 3 percent in the second year, and the Science Museum of Virginia, which received a reduction of 6.5 percent in the first year and 5 percent in the second year.

- ***Reduce Check Processing Staff.*** Assumes savings of \$32,700 GF the second year and an increase of \$32,000 NGF the second year, from the elimination of one check processing position due to the decrease in the number of paper checks being processed in recent years.
- ***Reduce Purchase of Earnings Notices Paper Stock.*** Assumes savings of \$50,000 GF the first year and \$75,000 GF the second year from a reduction in the amount of paper stock purchased for earning notices.
- ***Reduce Expenditures for Banking Services Fees.*** Captures savings of \$57,000 GF each year of the biennium from the renegotiation of certain banking contracts and the discontinuance of certain banking services.
- ***Reduce Expenditures for Information Systems Hardware.*** Assumes saving of \$36,000 GF the first year and \$48,000 GF the second year from a reduction in expenditures to the Virginia Information Technology Agency resulting from reducing the inventory of non-essential information technology equipment.
- ***Increase Revenue from Reinvesting Compensating Balances.*** Provides \$1.5 million GF in the second year for additional banking fees. This funding will free up balances that are required to be in the accounts which would then be invested in the Primary Liquidity Investment Portfolio. The budget assumes \$2.6 million in additional revenues in the second year of the biennium resulting from the investment of these funds.
- ***Capture Savings Due to Lower Maintenance Costs.*** Captures savings of \$30,000 GF each year of the biennium from lower hardware maintenance costs.
- ***Remove Additional Funding for Pay Practices.*** Includes a reduction of \$11,958 GF the second year fund to remove the half-percent pay practices funding provided to executive branch agencies during the 2006-08 biennium.
- ***Virginia College Building Authority Pool Fee Revenue.*** Assumes \$100,000 GF in additional revenue in the first year from anticipated additional revenue generated from the Virginia College Building Authority pool fee which is charged to the higher education institutions for participating in pool.

- *Virginia College Building Authority Pool Fee Revenue.* Reflects \$150,000 GF in additional revenue in the second year from a transfer of excess VCBA private college financing fee revenues to the general fund. The fees paid by private colleges are deposited into a nongeneral fund which currently has a balance of \$170,000. Under this proposal any balance in excess of \$20,000 will be transferred into the general fund.

- **Treasury Board**

- *Delay Higher Education Equipment Trust Fund Issuance.* Assumes savings of \$9.7 million GF in the second year from postponing the issuance of approximately \$58.0 million in equipment allocations authorized for FY 2009 in Chapter 879. Delaying the issuance will result in savings in debt service payments in FY 2010.
- *Defer Payment of Principle on VCBA Variable Rate Demand Bonds.* Proposes savings of \$4.3 million GF in each year of the biennium from deferring the principle payments, only making the interest payment, during the biennium on the Virginia College Building Authority Variable Rate Demand Bonds.
- *Adjust Debt Service Funding.* Assumes a decrease in debt service funding of \$7.7 million GF in the first year and an increase of \$11.2 million GF to reflect revised assumptions for projects financed through the Virginia College Building Authority and the Virginia Public Building Authority. The adjusted funding reflects additional debt service costs from the proposed supplanting in FY 2009 of \$350 million GF dollars for capital projects with bond proceeds, which is partially offset by reduced expenditures for previously planned projects.

# Health and Human Resources

The Governor's introduced budget for Health and Human Resources agencies reduces spending by a net total of \$222.1 million GF and increases nongeneral fund spending by \$392.0 million over the biennium. This total reflects new biennial spending of \$296.1 million GF and \$416.5 million NGF offset by reductions of \$518.2 million GF and \$24.6 million NGF. In addition, balance reversions and transfers of nongeneral fund revenue provide a savings of \$65.2 million GF.

Funding for the Medicaid program, one of the fastest growing programs within Health and Human Resources as well as the largest, is offset by a proposed increase in the cigarette tax from 30 to 60 cents per pack effective July 1, 2009. The 30-cent per pack increase is expected to generate \$154.9 million NGF in FY 2010. Revenues from the tax are deposited into the Virginia Health Care Fund, which are used to match federal Medicaid funds. Therefore, an increase in revenues allows for a reduction in general funds. Targeted reductions in Medicaid involve shifting provider payments for savings of \$126.5 million GF in FY 2009, reducing provider payments saving \$24.6 million GF in FY 2010, and capping enrollment and services in long-term care waivers saving \$24.8 million GF over the biennium. In addition, Medicaid savings of \$7.1 million GF in the second year are realized by implementing a provider assessment on intermediate care facilities for the mentally retarded (ICF-MRs).

Other significant reductions include \$16.0 million GF in savings in FY 2010 from the closure of Southeastern Virginia Training Center, the children and adolescent unit at Southwestern Mental Health Institute and the Commonwealth Center for Children and Adolescents located on the Western State Hospital campus. A portion of the funds from the closure of these three facilities will be set aside to transition individuals into community placements. In addition, a savings of \$12.0 million GF is included in the Comprehensive Services Act program resulting from lower utilization of services.

Mandated spending on Medicaid and children's health insurance programs, due to enrollment and utilization increases, is fully funded in the introduced budget with \$280.1 million GF for the biennium. An additional \$1.8 million is provided for medical services due to increases in involuntary mental commitments. Other significant spending includes an additional \$1.7 million GF for a 3 percent increase in rates for consumer-directed personal care for individuals enrolled in Medicaid home- and community-based waivers. In the Department of Social Services, an additional \$2.4 million GF is provided to cover the increased cost of adoption subsidy payments, and an additional \$1.0 million GF in FY 2009 is provided for the Federation of Virginia Food Banks.

- **Comprehensive Services for At-Risk Youth and Families**

- *Utilization of Services.* Reduces spending by \$5.7 million GF the first year and \$6.3 million GF the second year to reflect lower utilization of CSA services. Policy changes adopted by the State Executive Council in FY 2008 pursuant to an Attorney General opinion requires CSA to provide mental health services to children and adolescents who are at-risk of placement in the state's custody if treatment is not provided. These services are provided to children through

parental agreements. CSA funding included in Chapter 879 contained \$12.0 million each year to provide services to children through these parental agreements. The number of children qualifying for CSA services through these agreements has been fewer than originally projected, resulting in a savings of \$5.0 million GF each year.

In addition, the program is experiencing a reduction in the number of children that are placed in out-of-state residential facilities which are usually more expensive due to the highly specialized nature of the services provided. Current program data indicate that out-of-state placements are declining by about 10 percent annually, resulting in a savings of \$700,000 GF the first year and \$1.3 million the second year.

- *Elimination of Community Infrastructure Grants.* Eliminates \$500,000 GF each year for competitive grants to localities to encourage the development of community-based services as opposed to higher cost residential services outside of the community.

- **Department for the Aging**

- *Reduce Funding for Community-Based Providers.* Reduces general fund support for ten community-based aging services providers totaling \$204,603 the first year and \$331,068 the second year. Services provided include adult day care, medication assistance, and companion care.
- *Provide Special Funds for Fan Care Program.* Adds \$60,000 NGF in FY 2010 for a grant from Dominion Virginia Power to assist elderly individuals in purchasing fans for the summer. This has been an ongoing grant, however, the agency needs appropriation authority to continue the program.

- **Department for the Deaf and Hard of Hearing**

- *Eliminate Requirement for Employment Levels at the Relay Center in Norton.* Language is eliminated requiring the Relay Center to maintain at least 105 full-time equivalent positions. The number of calls processed by the Relay Center has declined by 53 percent since 2003, while the average number of relay minutes handled by a relay operator has declined from 5,000 minutes to 1,800 minutes per operator per month. At present, the Relay Center maintains the minimum number of required positions which does not reflect the decreased demand for relay services.

- **Department of Health**

- *Administrative Reductions and Efficiencies.* Reduces \$4.4 million GF the first year and \$6.6 million GF the second year through a combination of administrative reductions and program efficiencies. Strategies include layoffs, elimination of vacant positions, operational efficiencies and reductions in ineffective programs.

- ***Service Reductions and Program Eliminations.*** Reduces \$1.6 million GF the first year and \$2.3 million GF the second year by reducing or eliminating services. Notable service reductions include:
  - The phase-out of financial incentives to attract physicians and dentists to work in underserved regions of the Commonwealth (\$2.3 million biennial savings);
  - The reduction of funding for locally-administered health departments in Fairfax and Arlington (\$1.4 million biennial savings).
- ***Replace General Fund Spending with Other Resources.*** Reduces \$1.1 million GF the first year and \$2.2 million GF the second year by tapping other non-general fund resources such as fee revenues, agency fund balances, and federal funding for agency operations.
- ***Consolidate Poison Control Centers.*** Reduces \$1.0 million GF the second year by consolidating three poison control centers into a single statewide center. Currently, poison control centers operate on a general fund budget of \$1.5 million annually at the University of Virginia, Virginia Commonwealth University and the National Capital Poison Center in Washington, D.C. This proposal will consolidate those services at one location with the expectation that services will not be diminished.
- ***Reduced Funding for Community-Based Providers.*** Reduces \$118,586 GF the first year and \$154,684 GF the second year from 13 organizations providing health or health care services in their communities. All of these organizations were targeted for budget reductions in October. Funding allows these organizations to address local health care needs such as AIDS, sickle-cell disease, workforce issues, and services for the uninsured.
- ***Eliminate Program Funding.*** General fund support for the following organizations is reduced by \$73,644 GF the first year and \$490,957 GF the second year, resulting in the elimination of state funding. Funding will cease for:
  - The Virginia Transplant Council to operate the Commonwealth’s Organ and Tissue Donor Registry;
  - Virginia Health Information for the administration of patient level data and the Outpatient Data Reporting System; and
  - Two obstetrical services pilot projects located in rural communities (e.g., Emporia and the Northern Neck.)
- ***Increase Death Investigators.*** Adds \$24,680 GF the first year and \$430,403 GF the second year to increase from 14 to 20 the number of death investigators within district offices of the Office of the Chief Medical Examiner (OCME). Two of the Commonwealth’s four district offices are out of compliance with national

accreditation standards. The addition of six full-time investigators should help the OCME comply with national staffing standards and reduce the length of time between a death investigation and its reporting to the medical examiner's district office.

- ***NGF for HIV/AIDS Prevention and Treatment Services.*** Adds \$104,292 NGF each year from a federally-funded Centers for Disease Control and Prevention initiative to support HIV testing. Funding will be used to add two additional staff at the Health Department to manage the new initiative.
- ***Redirect New NGF for State Police Med-flight Operations.*** Redirects \$1.6 million NGF from a \$0.25 increase in motor vehicle registration fees for med-flight operations. Last session, the General Assembly increased registration fees by \$0.25; funding was to be deposited into the Rescue Squad Assistance Fund for certification and recertification training for emergency medical services workers.
- ***Agency Balances Reverted to General Fund.*** Diverts \$11.0 million to the general fund from balances that have accrued to the following funds: Water Improvement Construction; Vital Statistics Automation; Local Health District Service Fee; Indirect Cost Recoveries; nursing, physician and dental scholarship and loan repayment programs; and other special funds.
- ***Certificate of Public Need Process (COPN).*** Adds language to override statute and eliminates the role of local Regional Health Planning Agencies (RHPA) in the COPN process. General fund support of local RHPAs was eliminated in the current biennial budget; RHPAs were expected to operate on excess fee revenues from COPN applications, after funding for the Health Department's Division on COPN was funded. Budget language is modified to discontinue fee revenues for local RHPAs beginning July 1, 2009.

- **Department of Medical Assistance Services**

***Forecast Changes***

- ***Medicaid Cost Increases.*** Adds \$133.8 million GF and \$129.5 million NGF the first year and \$134.6 million GF and \$115.2 million NGF the second year to fully fund projected increases in enrollment and utilization of medical services for the Medicaid program. Nongeneral funds are provided through matching federal Medicaid dollars. Medicaid spending is projected to grow by 12 percent in FY 2009 and 7 percent in FY 2010. The projected growth rate in FY 2009 is higher than expected because \$37.0 million GF in Medicaid FY 2008 payments were deferred into FY 2009. This deferral was required because managed care enrollment growth and increases in medical expenses for inpatient hospital, physician and pharmacy services exceeded estimates. It had been expected that the expansion of managed care to the Lynchburg area would reduce fee-for-service medical expenses. However, savings from the expansion were overestimated. Had Medicaid expenditures not been deferred, the growth rate in FY 2009 would be 8 percent. In addition, tobacco revenue totaling \$6.1 million which is used to offset

Medicaid general fund obligations was not received and deposited until after the close of FY 2008.

The program is projected to continue to experience small but steady enrollment growth in the number of low-income aged, blind and disabled individuals served by the program, and growth of about 6 percent annually in the enrollment of low-income children and adults with children. The rising cost of health care services, including inpatient and outpatient hospital services, physician services and nursing facility services, requires additional resources to fund the program's growth. In addition, Medicaid will be required to pay the federal government 7.2 percent more for Medicare Part D payments based on the estimate of increased pharmacy costs for Medicaid enrollees who are also eligible for Medicare benefits.

In a departure from previous Medicaid forecasts, medical cost inflation for hospitals, nursing homes, and residential psychiatric facilities -- required by Medicaid regulations or policy -- are not included in the most recent forecast of projected costs for FY 2010. If these costs had been included, the Medicaid forecast for FY 2010 would have increased by an additional \$36.6 million GF and a commensurate amount of federal matching dollars. The forecast also does not include \$463,409 GF in FY 2010 inflationary costs for home health and rehabilitation agencies which was part of the agency reduction strategies adopted by the Governor in August pursuant to the 2008 Appropriation Act.

In addition, the Medicaid forecast does not include \$21.0 million GF and a like amount of federal matching funds in FY 2010 for managed care organizations due to a revised actuarial review of Medicaid managed care rates. The actuary estimated a rate increase of 10 percent for FY 2010 compared to a rate of 7 percent which was included in Chapter 879. The introduced budget assumes no change to those rates for FY 2010. Federal Medicaid regulations require managed care rates to be actuarially sound and certified as such by an actuary. In addition, the federal Medicaid agency, CMS, must approve the rates each year.

- ***Family Access to Medical Insurance Security (FAMIS) Cost Increases.*** Increases funding by \$3.3 million GF and \$6.2 million NGF in FY 2009 and \$5.0 million GF and \$8.4 million NGF in FY 2010 to address anticipated caseload and expenditure growth for the FAMIS program. FAMIS spending is projected to grow by 24.8 percent in FY 2009 and 17.7 percent in FY 2010, compared to a growth rate of 21.1 percent rate in FY 2008. Monthly enrollment in FAMIS is expected to grow by 17.4 percent in FY 2009 and 6.0 percent in FY 2010 from almost 53,000 children in FY 2008 to more than 65,000 in FY 2010.
- ***Medicaid State Children's Health Insurance Program (SCHIP).*** The proposed budget adds almost \$1.0 million GF and \$1.8 million NGF in FY 2009 and \$2.3 million GF and \$4.4 million NGF in FY 2010 to fully fund caseload and expenditure growth for Medicaid-eligible low-income children living in families with incomes between 100 and 133 percent of the federal poverty level. The federal government matches Medicaid expenditures for these children at the same rate as that provided for the FAMIS program (about 65 percent). Projected

monthly enrollment in Medicaid SCHIP is expected to grow 6.0 percent in FY 2009 and 5.6 percent in FY 2010 from about 37,000 children in FY 2008 to almost 41,000 in FY 2010.

- ***Involuntary Mental Commitments.*** Adds \$1.1 million GF the first year and \$687,481 GF the second year reflecting recent data that indicates payments from the Involuntary Mental Commitment Fund will be slightly more than currently budgeted. The fund pays for the cost of hospital and physician services for individuals who are subject to the involuntary mental health commitment process.
- ***Virginia Health Care Fund (VHCF).*** Adds \$6.7 million GF and reduces a like amount of nongeneral funds in FY 2009 as a result of lower than estimated revenues to the Virginia Health Care Fund. Prior-year Medicaid recoveries deposited into the fund are expected to be lower in FY 2009 because a settlement payment from the drug manufacturer, Merck, was deposited into the fund in FY 2008, earlier than previously anticipated. Established in 2004, the VHCF is comprised of tobacco tax revenues, a portion of the master tobacco settlement payments, and Medicaid recoveries. Because revenues in the fund are used to match federal Medicaid spending, lower revenue to the Fund results in the need for additional general fund monies.

#### ***Proposed Increase***

- ***Consumer-Directed Personal Care Rate Increase.*** Adds \$1.7 million GF and \$1.7 million NGF in FY 2010 to increase rates paid to providers of consumer-directed personal care, respite care and companion care to Medicaid recipients enrolled in home- and community-based waivers. The rates would increase by 3 percent, raising hourly rates in Northern Virginia from \$11.14 to \$11.47 and in the rest of the state from \$8.60 to \$8.86.

#### ***Replace GF with Other Resources***

- ***Increase in Tobacco Taxes to Offset Medicaid Costs.*** Reduces general fund spending in the Medicaid program by \$154.9 million in FY 2010 due to additional revenue in the Virginia Health Care Fund from a proposed increase in tobacco taxes of 30 cents per pack and a change in the tax for other tobacco products to a 25 cents per ounce rate for moist snuff. Revenue in the Fund offsets the state's Medicaid costs. Separate legislation will be proposed to increase the tobacco taxes.
- ***Assessment on Providers of Intermediate Care Facilities for the Mentally Retarded (ICF-MRs) Services.*** Proposes an assessment of 5.5 percent on total revenues collected by providers of ICF-MR services to generate \$7.1 million in general funds in FY 2010, which will be used to draw down matching federal Medicaid funds. The state would return the funding to these facilities in the form of Medicaid payments for their increased costs related to the assessment fee. The state would retain a portion of funding, thereby offsetting state general fund costs in the Medicaid program.

- ***Additional Pharmacy Rebates on Drugs.*** Captures savings from drug manufacturers from rebates on physician-administered and institutional drugs used as part of a hospital stay which are paid for through inpatient hospital services. Federal law requires all states to begin collecting rebates on physician-administered drugs and requires hospitals to report the actual drugs administered so the Medicaid program can claim rebates from manufacturers. The program will realize a savings of \$1.1 million GF in FY 2009 and \$1.3 million GF in FY 2010 and a like amount of savings in federal funding.
- ***Retain Administrative Revenue from School Health Medicaid Participation.*** Saves \$516,164 GF in FY 2010 by retaining 5 percent of federal reimbursements to school divisions for medical and transportation services for Medicaid eligible children. Currently, the department passes on 100 percent of federal matching funds to participating local school divisions for their expenses associated with special education services for Medicaid eligible children.

### ***Budget Savings Strategies***

- ***Change/Reduce Provider Payments.*** Reduces Medicaid spending over the biennium by \$151.0 million GF and a like amount of federal matching funds by shifting or reducing provider payments. Changing the reimbursement schedules for providers from FY 2009 year-end into FY 2010 results in a savings of \$126.5 million GF and \$126.5 million NGF in FY 2009. Reducing provider payments results in savings of \$24.6 million GF and \$23.5 million NGF in FY 2010. These changes are outlined in the following tables:

<u>Changes in Provider Payment Schedules</u>	<u>FY 2009</u>		<u>FY 2010</u>	
	<u>GF Savings</u>	<u>NGF Savings</u>	<u>GF Savings</u>	<u>NGF Savings</u>
<u>Managed Care Organizations:</u>				
• Lags monthly payments by one month beginning June 2009	\$59.8	\$59.8		
<u>Inpatient Hospitals:</u>				
• Changes quarterly special payments from last quarter to the first quarter of the next fiscal year beginning June 2009	\$32.2	\$32.2		
<u>Other Medicaid Providers:</u>

<u>Medicare Part A and B premiums:</u>				
• Changes payments to the federal government from the end of the state fiscal year until the beginning of the next fiscal year starting June 2009, as allowed by federal rules	\$9.5	\$9.5		

\*Special payments include Disproportionate Share Hospital, Direct Medical Education and Indirect Medical Education payments.

<u>Provider Payment Reductions</u>	<u>FY 2009</u>		<u>FY 2010</u>	
	<u>GF Savings</u>	<u>NGF Savings</u>	<u>GF Savings</u>	<u>NGF Savings</u>

• Eliminate payments for hospital acquired conditions			\$0.1	\$0.1
<u>Long-Stay Hospitals:</u> Modify reimbursement method from cost-based to method used for all other hospitals			\$1.0	\$1.0

<u>Freestanding Psychiatric Facilities:</u> Rebase rates not to exceed 100 percent of allowable costs			\$1.1	\$0.4

\*Exempts hospitals with Medicaid usage greater than 50 percent.

**Teaching Hospital Reimbursement.** Language is added to allow academic health centers to use their uncompensated care costs of treating Medicaid and indigent patients to match and receive the full amount of federal reimbursement available through the Medicaid program.

- **Pharmacy Dispensing Fee.** In addition to the provider rate changes listed above, language is added to reduce the pharmacy dispensing fee by 25 cents effective July 1, 2009. The savings from this change was included as part of the budget reduction strategies adopted by the Governor in August pursuant to the agency reductions required by the 2008 Appropriation Act. That action will produce general fund savings of \$462,666 in FY 2010.
- **Cap Services/Enrollment in Medicaid.** Reduces Medicaid spending by \$24.8 million GF and a like amount of federal matching funds by capping services and enrollment in Medicaid home- and community-based waiver services.
  - **Service Caps.** Services provided to individuals in all Medicaid waiver programs will be capped at a maximum not to exceed the average cost of care in an institutional setting saving \$9.2 million GF. In addition, two services, environmental modifications and assistive technology, will be removed from two waiver programs to achieve savings of \$3.9 million GF. However, these services will be available for those individuals transitioning from an institutional to a community setting.
  - **Elderly and Disabled Waiver Caps.** Enrollment will be capped in the Elderly and Disabled waiver at 15,250 slots, the estimated number of individuals who would be served as of July 1, 2009. It is estimated that 1,680 individuals who would be eligible in FY 2010 will not receive a waiver slot.
  - **Mental Retardation Waiver Caps.** The introduced budget suspends \$5.8 million GF and \$5.8 million NGF for 200 new mental retardation waiver slots that were scheduled to be added on April 1, 2009. The 2008 General Assembly added 600 slots to address the urgent care waiting list. Of these slots, 400 were added beginning July 1, 2009, with the remainder to be phased-in later in the fiscal year.
- **Eliminate Programs.** Reduces \$19.4 million GF and \$8.4 million NGF by eliminating funding for several programs administered by the department as described below.
  - **Indigent Health Care Trust Fund.** The introduced budget eliminates \$4.3 million GF and \$3.2 million NGF each year for the Indigent Health Care Trust Fund. The fund reimburses eligible hospitals for a portion of their charity care, defined as hospital care for which no payment is received that is provided to a person whose annual family income is less than 100 percent of the federal poverty level. The state and acute care hospitals contribute to the Fund. Separate legislation will be proposed to eliminate statutory

requirements for the program.

- ***State and Local Hospitalization Fund.*** Funding of \$10.9 million GF and \$2.0 million NGF is eliminated in FY 2010 for the State and Local Hospitalization (SLH) program. The SLH program was created in 1946 as a cooperative effort between the state and localities to provide hospital related services to indigent and medically indigent persons who do not qualify for Medicaid. The state contributes 80 percent of the funding for the program and localities contribute 20 percent.
  - ***Optional Mental Health Screenings.*** Saves \$83,000 GF and \$249,000 NGF over the biennium by eliminating an optional second screening of Medicaid waiver recipients for mental illness or mental retardation.
  - ***Home Health Care Extraordinary Transportation.*** Language is added to eliminate coverage of transportation costs for home health transportation providers that exceed 15 miles to see a client. These are the only providers to receive extra funding for what is considered “extraordinary” transportation costs.
- ***Other Savings Strategies.*** A number of additional savings strategies are proposed to reduce spending by \$5.2 million GF and \$7.4 million NGF over the biennium. These strategies include:
- Implementing provider claims checks in the claims processing software to prevent department programs from paying for improperly coded services, saving \$1.1 million GF and \$1.1 million NGF over the biennium.
  - Increasing prior authorization of community mental health services for a savings of \$920,935 GF and \$920,935 NGF in FY 2010.
  - Modifying the Health Insurance Premium Program to exclude certain Medicaid enrollees for which it has been determined as not being cost-effective. This saves \$600,000 GF and \$600,000 NGF in FY 2010.
  - Redesigning the FAMIS program to scale back outreach efforts and focus on the most effective methods to promote the program, saving \$516,164 GF and \$516,164 NGF over the biennium.
  - Enhancing pharmacy management initiatives for a savings of \$310,511 GF and \$375,511 NGF over the biennium.
  - Reducing administrative costs and positions for a savings of \$3.8 million GF and \$3.9 million NGF. The largest of these savings is the elimination of administrative funding for new initiatives such as the integration of acute and long-term care services, and the chronic care management program. These actions will result in the reduction of 6 positions and two layoffs.

- *Close Southeastern Virginia Training Center.* Proposes eliminating \$12.5 million GF and \$3.9 million NGF by closing Southeastern Virginia Training Center (SEVTC) beginning July 1, 2009. A portion of the general fund savings, \$4.1 million, will be used to transition 120 residents into community placements and transfer 55 residents to other state mental retardation training centers. The proposal assumes 20 individuals will be placed in Medicaid Mental Retardation waiver slots at a cost of \$900,000 GF and \$900,000 NGF and 100 individuals will be eligible for the Medicaid Money Follows the Person Program at a cost of \$2.3 million GF and \$6.8 million NGF. This action will result in net general fund savings of \$8.4 million.
- **Department of Mental Health, Mental Retardation, and Substance Abuse Services (DMHMRSAS)**
  - *Close Southeastern Virginia Training Center (SEVTC) in Chesapeake.* Projects net savings within the Medicaid budget of \$8.4 million GF from the closure of a 200-bed state mental retardation training center located in Chesapeake. In addition, a special revenue appropriation of \$23.1 million is eliminated reflecting the closure of SEVTC. Currently, the facility serves 175 residents and employs 471 individuals. This proposal assumes that the closure of the Center will take place by June 30, 2009. Individuals who cannot be served in the community through the Money Follows the Person Program or the Mental Retardation Waiver Program will be transferred to another state facility. Capital funding of \$23.8 million that was set aside by the 2008 General Assembly for the renovation of SEVTC will instead be used to develop community-based group homes for individuals being discharged from the training center. Workforce Transition Act (WTA) costs for employees of the facility, estimated at \$16.5 million, will be compensated through the proceeds of the sale of land currently occupied by SEVTC.
  - *Close Commonwealth Center for Children and Adolescents (CCCA) in Staunton.* Projects net savings of \$6.2 million GF from the closure of a 48-bed facility that provides mental health treatment for children and adolescents. The closure would take place no later than June 30, 2009. From the Center's \$8.3 million general fund appropriation in FY 2010, \$2.1 million will be set aside for private, inpatient mental health services for children needing acute care. Children and adolescents not eligible for this funding are assumed to receive acute mental health services in the community through private insurance or Medicaid. Thirty full-time employees at the facility are expected to fill vacancies at Western State Hospital (WSH), adjacent to CCCA. WTA costs of \$3.3 million for the remaining 100 employees are expected to come from the sale of land currently occupied by WSH and CCCA.
  - *Close the Adolescent Unit at Southwest Virginia Mental Health Institute.* Estimates a net savings of \$1.4 million GF from the closure by June 30, 2009 of a 16-bed unit for children and adolescents with acute mental illness. It is assumed that children and adolescents can be served in the community with state resources, private insurance or Medicaid. WTA costs for 28 employees estimated

at \$736,507 will be paid from the proceeds of land currently occupied by Western State Hospital and the Commonwealth Center for Children and Adolescents that is expected to be sold.

- ***Administrative Reductions and Efficiencies.*** Reduces \$18.8 million GF the first year and \$19.7 million GF the second year from administrative reductions and program efficiencies including layoffs, reductions in outside contracts, elimination of vacant positions, and consolidation of support services at state facilities. The largest savings strategy is a reduction of \$12.4 million per year for administrative support at Community Services Boards. This reduction in funding is slightly less than the overall administrative reduction experienced by the Central Office at the Department of Mental Health Mental Retardation, and Substance Abuse Services.
- ***Replace General Fund Spending with Other Resources.*** Supplants \$5.0 million GF appropriated to the Commonwealth’s Mental Health Treatment Centers with special revenue funds that have accumulated from third-party payers such as Medicaid, Medicare and other insurers. This is a one-time savings strategy in FY 2009 only.
- ***Service Reductions and Program Eliminations.*** Reduces \$573,200 GF the first year and \$841,997 GF the second year for the following services:
  - Funding designed to divert individuals with mental illness from jails;
  - Funding for individuals with mental illness at state hospitals who require private hospitalizations; and
  - Funding for eight internships to attract and retain child psychologists or child psychiatrists in the Commonwealth.
- ***Agency Balances Reverted to General Fund.*** Diverts \$15.1 million to the general fund from special revenue fund balances that have accrued from third-party payers such as Medicaid, Medicare and other insurers. This is a one-time savings strategy in FY 2009 only.
- ***Autism Services.*** Appropriates \$1.2 million GF the second year to reflect the transfer of \$940,000 GF from Virginia Commonwealth University for the Autism Program of Virginia and the addition of \$215,000 and two new positions to coordinate the delivery of services for individuals with Autism Spectrum Disorders and development disabilities.
- ***NGF for Resident Care.*** Adds \$1.2 million each year from insurance, recyclable and surplus property revenues for patient care.
- ***NGF for Community Services Boards.*** Adds \$324,795 each year from rental income for repair and maintenance at four group homes in southwestern Virginia.

- **Department of Rehabilitative Services**

- *Service Reductions and Program Eliminations.* Reduces \$1.7 million GF the first year and \$1.8 million GF the second year for three programs that provide variable levels of employment and rehabilitation training services depending upon the physical disabilities of the individual being served. Proposed funding reductions include:

- Long-term employment support services (\$1.5 million);

More than one-half of the reduction in VR services will be offset by funds that were previously provided to Disability Services Boards.

- *Administrative Reductions and Efficiencies.* Reduces \$461,487 GF the first year and \$494,991 GF the second year through a combination of administrative reductions and program efficiencies including eliminating administrative staff and reducing discretionary spending within the Department.
- *Eliminate and Redirect Funding for Disability Services Boards.* Eliminates \$519,362 GF each year for Disability Services Boards (DSB) and redirects funding to the Vocational Rehabilitation Program to reduce a waiting list for services. Language is also added lifting the requirement that localities establish and fund DSBs.
- *Increase NGF for Social Security Disability Determination Program.* Adds \$4.1 million each year from federal funds to increase staffing in the Social Security Disability Determination Program. Recently, the federal government lifted a hiring freeze and provided additional funding for disability determinations.
- *Increase NGF for Administrative Services.* Provides \$3.5 million each year from federal resources to reflect additional workload demands.

- **Woodrow Wilson Rehabilitation Center**

- *Administrative Reductions and Efficiencies.* Reduces \$694,285 GF the first year and \$672,567 GF the second year through a combination of administrative strategies including renegotiating existing contracts, reducing contracted services and reducing staffing levels.
- *Agency Balances Reverted to General Fund.* The agency proposes to divert \$1.5

million in accumulated special revenue fund balances to the general fund in FY 2009 only.

- **Department of Social Services**

- ***Replace General Fund Spending With Other Resources.*** Reduces general fund support for six programs and services and replaces funding with federal TANF dollars. A comprehensive multi-year review of federal TANF block grant funds by the Department’s staff resulted in a windfall of one-time funds that can be used to leverage general funds. This proposed strategy uses federal TANF block grant funding instead of general funds to achieve biennial savings of \$37.8 million GF. Federal TANF dollars are appropriated for the following programs:
  - \$16.4 million for at-risk child care services;
  - \$10.5 million for adoption services;
  - \$4.6 million for Community Action Agencies;
  - \$3.5 million for Healthy Families Virginia;
  - \$1.5 million for domestic violence services;
  - \$964,878 for activities that support child care; and
  - \$323,202 for Centers for Employment and Training.
- ***Administrative Reductions and Efficiencies.*** Removes \$2.9 million GF the first year and \$4.1 million GF the second year through a combination of budget reduction strategies including:
  - Eighty layoffs in the Department of Social Services’ Central Office;
  - Eliminating funding for a child care automation project;
  - Maximizing federal resources for the 2-1-1 information and referral service;
  - Adjusting the appropriation for the Auxiliary Grant Program to reflect projected spending.

- ***Reduce Planned Increase for Foster Care Rates and Adoption Subsidy Payments.*** Eliminates \$1.2 million GF the second year by reducing a planned increase of 8 percent for family foster care services and adoption subsidy payments to 6 percent. Rates paid to foster care providers and for adoption subsidy payments increased by 15 percent in the current fiscal year.

- ***Service Reductions and Program Eliminations.*** Eliminates funding for seven programs, resulting in savings of \$731,000 GF the second year. Proposed general fund budget reductions in FY 2010 include:
  - \$350,000 for child care information and referral services;
  - \$100,000 for Northern Virginia Family Services;
  - \$100,000 for Tri-County Community Action Partnership;
  - \$100,000 for Children’s Advocacy Centers located in the City of Bristol/Washington County and Lenowisco;
  - \$42,500 for People Incorporated; and
  - \$38,500 for United Community Ministries.
  
- ***Agency Balances Reverted to General Fund.*** Directs \$15.2 million the first year and \$4.4 million the second year to the general fund from Child Support retained earnings funds that have accrued over several years. Funds in the child support account increased significantly through a prior year adjustment and tax intercepts related to federal Economic Stimulus Payments made earlier this year.
  
- ***Adoption Subsidies Caseload and Cost Increases.*** Provides \$1.2 million GF and \$907,527 NGF from federal Title IV-E funds each year for the adoption subsidy programs. Foster care expenditures are moderating but adoption subsidy caseloads continue to grow but at a much slower pace than in recent years. Funding will allow for a 1.3 percent increase in expenditures from FY 2008 to FY 2009.
  
- ***Funding for the Federation of Virginia Food Banks.*** Adds \$1.0 million GF the first year to purchase food for distribution through food banks throughout the Commonwealth. Budget language prohibits funding for administrative or overhead expenses.
  
- ***Central Office Relocation Costs.*** Includes \$755,908 GF and \$403,312 NGF for costs related to relocating the Central Office. Funding will be used for one-time move costs related to furniture and information technology. The current lease for the Central Office space expires December 31, 2009.
  
- ***Auxiliary Grant Pilot Project.*** Adds budget language that allows for the creation of a pilot program for portable Auxiliary Grants. The proposal would allow current funding to be used for housing for consumers who:
  - have lived in an assisted living facility for more than 6 months;
  - receive an Auxiliary Grant;
  - receive Medicaid-funded case management and support services from a

- community services board (CSB) or behavioral health authority (BHA);
- meet residential assisted living level of care criteria;
  - are determined to be good candidates for living in the community; and
  - have a care plan in place to ensure that needs can be met in the community.

- ***NGF for Local Social Services Staffing Costs.*** This amendment corrects federal funding for local Departments of Social Services that was expected to decline by \$35.0 million each year. Based on new information, the reduction is expected to be \$20.0 million annually. This amendment restores \$15.0 million NGF each year to appropriately reflect projected funding.
- ***NGF for Low Income Home Energy Assistance Program (LIHEAP).*** Includes \$15.0 million in federal funding for the LIHEAP program to address the rising costs of energy for low-income Virginians. The Commonwealth does not provide state funding for LIHEAP.
- ***NGF for Child Support Enforcement.*** Adds \$3.1 million the first year and \$6.7 million the second year from child support enforcement resources for additional costs related to the privatization of district services, mainframe (information technology) costs and customer service centers.
- ***NGF for Agency Operations.*** Provides \$1.0 million the first year and \$4.3 million the second year from federal grants that require no state matching dollars including employment and training services for food stamp recipients, temporary refugee assistance, and emergency shelter services.

# Natural Resources

Proposed amendments to the budget for the 2008-10 biennium for the Natural Resources secretariat include general fund reductions of \$24.0 million, offset by general fund increases of \$11.8 million. Net recommended general fund spending for the biennium is \$219.6 million or a 5.3 percent reduction from the budget approved in Chapter 879 (2008). Total nongeneral fund spending for the biennium is \$633.7 million or 5.1 percent more than in Chapter 879.

Additional spending items for the biennium include \$10.0 million GF and \$10.0 million NGF, for a total of \$20.0 for the Natural Resources Commitment Fund, is used to support agricultural best management practices designed to improve water quality. An additional \$1.5 million GF is included to provide the statutorily required deposit to the Water Quality Improvement Fund, of which \$1.1 million is provided to the Department of Conservation for nonpoint source pollution control and \$0.4 million is provided to the Department of Environmental Quality for point source projects.

- **Chippokes Plantation Farm Foundation**

- *Eliminate Marketing and Fundraising Contract.* Reduces general fund support for the Foundation by \$24,325 each year, which represents an 18 percent reduction. The Foundation will cancel a contract with a professional marketing and fundraising firm to meet the reduction.

- **Department of Conservation and Recreation**

- *Natural Resources Commitment Fund.* Proposes \$20.0 million the second year, including \$10.0 million GF and \$10.0 million NGF, for deposit into the Virginia Natural Resources Commitment Fund established by Chapters 643 and 701 of the 2008 Acts of Assembly (HB 1335 and SB 511). The source of the nongeneral funds is \$4.8 million from interest earnings on WQIF nonpoint source funds and \$5.2 million from the WQIF Reserve Fund. These funds will be distributed to support agricultural best management practices and provide technical assistance through the soil and water conservation districts.
- *Water Quality Improvement Fund.* Provides \$1.1 million GF in the first year, representing the nonpoint source portion of the statutorily required deposit to the Water Quality Improvement Fund.
- *Reduce State Park Operating Support.* Proposes a general fund reduction for State Park operations of approximately \$2.2 million each year or 12 percent. Reduction strategies include holding 25 vacant positions open, deferring maintenance and equipment purchases and cutting marketing efforts. However, none of Virginia's 35 State Parks is proposed to be closed.

- ***Eliminate General Fund Support for Repairs to Soil and Water Conservation District-Owned Dams.*** Eliminates \$866,000 GF each year for repairs to SWCD owned dams. Bond funding for dam repairs in the amount of \$20.0 million was provided by the 2008 General Assembly and can be used to meet needed repairs.
- ***Reduce Operating Support for Soil and Water Conservation Districts.*** Reduces general fund support for the 47 local soil and water conservation districts by \$203,697 the first year and \$407,394 the second year. This represents a 5 percent cut in the first year in general fund support for the districts and an 8 percent cut in the second year.
- ***Reduce Matching Funds for the Conservation Reserve Enhancement Program.*** Funds provided for matching federal CREP funds are proposed to be reduced by \$685,473 the first year and \$435,473 the second year. The agency has stated it can use balances in this program to meet its obligations.
- ***Reduce Water Quality Implementation Support.*** Reduces general fund support by \$200,000 each year for total maximum daily load (TMDL) implementation in the Chesapeake Bay and Southern rivers watersheds. This reduction will apply to ten soil and water conservation districts that had previously been provided TMDL implementation funding.

- ***Increase Fees for Land Disturber Permits.*** Reduces general funding for review of construction and development permits by \$60,000 the first year and \$125,000 the second year. The reduction in general funds is to be made up by an increase in the permit fee from \$95 to \$125 for each permit application.

- **Department of Environmental Quality**

- ***Water Quality Improvement Fund.*** Provides \$476,700 GF in the first year, representing the point source portion of the statutorily required deposit to the Water Quality Improvement Fund.
- ***Reduce Match for Wastewater Revolving Loan Fund.*** Proposes reducing the state match for the revolving loan fund for wastewater treatment plant upgrades by nearly \$3.0 million GF in the first year due to declining federal support for state wastewater revolving loan funds.

- ***Reduced General Fund Support.*** Combined general fund reductions for the Department of Environmental Quality total \$10.1 million for the biennium and result in the loss of 59.0 FTE positions, including 35 layoffs. There is no change proposed to nongeneral fund appropriations. The individual strategies composing these reductions are discussed below.
- ***Reduce Administrative Staff.*** Eliminates 16.0 FTE positions, resulting in nine layoffs in management and administrative staff by reorganizing regional offices and realigning staff. This will result in savings of \$185,855 GF in the first year and \$1.3 million GF in the second year (after severance benefits have been paid).
- ***Reduce Staff in the Hazardous Waste Program.*** Reduces staff in the hazardous waste program by 6.0 FTE positions, including three layoffs, resulting in savings of \$92,096 GF the first year and \$416,503 GF the second year (after severance benefits have been paid).

Section 10.1-2213.1 of the Code of Virginia requires that the Commonwealth provide \$0.20 for each \$1 raised by the Montpelier Foundation and spent on restoration of Madison’s home. However, this action is offset by a 15 percent reduction applied to the currently authorized funding for the Montpelier

Foundation. This reduction, totaling \$94,729 each year, means the net effect of the second year funding is an increase of \$39,467.

- *Eliminate Various Positions.* Proposes reductions of 4.0 FTE and one wage position, including one layoff, resulting in savings of \$184,650 GF the first year and \$240,286 GF the second year. ## Public Safety

Proposed amendments for the Office of Public Safety for the 2008-10 biennium result in a net general fund reduction of \$124.3 million, which includes total increases of \$8.6 million and total decreases of \$132.9 million. The resulting budget for Public Safety agencies totals \$3,560.0 million from the general fund for the biennium, which is 3.4 percent less than the budget as approved in Chapter 879 by the 2008 General Assembly. Nongeneral funds total \$1.7 billion.

The proposed budget includes a series of amendments intended to reduce the future growth of the state- and local-responsible offender population. These include a language amendment authorizing the Department of Corrections (DOC) to release non-violent offenders up to 90 days before their scheduled release date (current law permits this option up to 30 days prior to the scheduled release date). Another language amendment authorizes a behavioral corrections program for offenders for whom the felony sentencing guidelines would suggest a prison term of at least three years, who could then be released early, at the judge's discretion, upon completion of a minimum 18-month substance abuse treatment program in prison. Other amendments add \$411,750 for temporary probation and parole officers, \$730,000 for 10 additional teachers for the Department of Correctional Education, and \$3.0 million for expanded pre-trial release programs to relieve population pressure on jails.

Proposed amendments to DOC are also recommended to reduce inmate medical costs by analyzing claims history and encouraging steps to minimize the use of contract physicians, as well as to reduce the cost of food services by terminating private contracts and providing food services with state employees. Cost comparisons have indicated that state-operated food services costs are lower than private contract costs.

The proposed DOC budget incorporates the Governor's October 2008 reductions, including the closure of six correctional facilities: Southampton and Pulaski Correctional Centers, Dinwiddie and Tazewell Correctional Field Units, and the Chatham Diversion Center and White Post Detention Center. These amendments also include closure of the remaining day reporting centers, elimination of the transitional therapeutic community (TTC) substance abuse treatment programs, and elimination of other counseling and treatment positions, as well as a series of administrative reductions. These actions result in the elimination of 697.5 positions and an estimated 330 layoffs in DOC. Nongeneral fund revenue estimates in DOC are reduced for holding out-of-state prisoners and for sales revenue for Virginia Correctional Enterprises.

The proposed budget for the Department of Juvenile Justice includes the closure of Camp New Hope and the Virginia Wilderness Institute, elimination of funds for a contract to operate a transitional cottage program at Beaumont Juvenile Correctional Center, and elimination of 45 positions and purchase-of-services funds in local juvenile court services units.

An additional \$1.2 million is provided the second year for the Department of Forensic Science to open the Northern Virginia Forensics Laboratory, along with a \$1.5 million federal grant for post-conviction DNA testing where actual innocence may be demonstrated.

In the Department of State Police, the 115<sup>th</sup> and 116<sup>th</sup> Basic Trooper Schools are postponed to April and November, 2009, respectively. Separate legislation will be introduced to increase the fee for instant criminal background checks from \$2 to \$5, providing an additional \$1.5 million from nongeneral funds. In addition, legislation will be introduced to increase the \$4 for Life program to \$4.25, resulting in supplanting \$1.6 million in general funds for the med-flight program with an equal amount of nongeneral funds from the Rescue Squad Assistance Fund.

- **Secretary of Public Safety**

- *Budget Reductions.* Includes a reduction of \$2,790 GF in the second year, eliminating funding for optional pay practices.

- **Department of Alcoholic Beverage Control**

- *Transfer of Profits.* Transfers an additional \$1.4 million GF the first year and \$1.9 million GF the second year in ABC profits, based on increased sales and the increased prices.

- **Commonwealth's Attorneys' Services Council**

- *Budget Reductions.* Saves \$72,311 GF the first year and \$74,253 GF the second year based on eliminating wage positions and reducing office supplies, travel and meeting costs, printing costs, membership affiliations, and services provided at the spring institute, as well as eliminating the executive training program and reducing other support services.

- **Department of Correctional Education**

- *Additional Teachers.* Provides \$730,000 GF and 10 teaching positions the second year to increase inmate literacy. A language amendment directs that these teachers be assigned to the newest correctional facilities and to those that employ evidence-based practices, and that efforts be made to maximize the use of classroom space by offering evening classes. This is one component of a series of initiatives intended to reduce future offender population growth.
- *Closure of Facilities.* Includes reductions of \$1.0 million GF the first year and \$1.5 million GF the second year and 20 positions, based on the closure of facilities operated by the Department of Corrections. This action involves an estimated 20 layoffs.
- *Elimination of Vacant Positions.* Saves \$1.0 million GF each year by eliminating 13 vacant positions.
- *Other Budget Reductions.* Saves \$1.1 million GF each year by reducing purchases of equipment, software and supplies.

- *Line of Credit.* Establishes a line of credit with the Department of Accounts in order to maintain cash flow for federal grants, in lieu of Treasury Loans.

- **Department of Corrections**

- *Early Release Program.* Includes language authorizing the Director to release non-violent offenders from prison up to 90 days before their scheduled release date, with the requirement that the offender must have been incarcerated for at least one year before being released. This policy produces jail per diem cost avoidances of \$5 million. The Code of Virginia currently authorizes early release up to 30 days before the scheduled release date. This is one of a series of initiatives intended to reduce future offender population growth.
- *Behavioral Corrections Program.* Includes language directing the agency, in coordination with the Supreme Court of Virginia, to develop a behavioral corrections program. Offenders eligible for this program would be those for whom Virginia's felony sentencing guidelines would recommend a sentence of three years or more and whom the court determines require treatment for drug or alcohol substance abuse. Upon completion of a treatment program of at least 18 months, the court would be permitted to suspend the remainder of the sentence and order the offender released to a supervised probation. This is one of a series of initiatives intended to reduce future offender population growth.
- *Probation and Parole Temporary Staffing Increase.* Adds \$411,750 GF the second year to employ temporary officers on an hourly wage basis in order to address the expected increase in caseloads resulting from the closure of day reporting centers and other budget reductions. This is one of a series of initiatives intended to reduce future offender population growth.
- *Inmate Medical Costs.* Adds \$503,586 GF the first year and \$2.6 million GF the second year, and \$2.3 million NGF the first year and \$1.8 million NGF the second year for increased medical costs for inmates. The nongeneral funds include federal payments for holding illegal aliens, along with balances of \$0.5 million the first year from inmate medical co-payment collections.
- *Review of Inmate Medical Costs.* Includes language directing the agency to analyze its medical claims data to determine the reasons for any increase in the number of claims, and to explore steps to reduce its reliance on contract physicians. The agency is directed to provide a report on cost reduction strategies to the Secretaries of Public Safety and Finance by November 1, 2009.
- *Food Services.* Saves \$46,763 GF the first year and \$851,551 GF the second year by terminating the private contract for food services at Sussex I and II and Greensville Correctional Centers. Adds 30 FTE positions to enable these facilities to provide the same services at lower cost using state employees. The agency's cost of food per inmate per day (excluding labor) is less than \$2.

- ***Southampton Correctional Center.*** Saves \$2.1 million GF the first year and \$14.0 million GF the second year and 231 positions by closing Southampton Correctional Center. An estimated 116 layoffs are anticipated.
- ***Pulaski Correctional Center.*** Saves \$1.7 million GF the first year and \$7.3 million GF the second year and 123 positions by closing Pulaski Correctional Center. An estimated 62 layoffs are anticipated.
- ***Correctional Field Units.*** Saves \$1.1 million GF the first year and \$5.2 million GF the second year and 90 positions by closing the Dinwiddie and Tazewell Correctional Field Units. An estimated 45 layoffs are anticipated.
- ***Diversion and Detention Centers.*** Saves \$744,620 GF the first year and \$3.4 million GF the second year and 80 positions by closing Chatham Diversion Center near Danville and White Post Detention Center near Winchester. An estimated 30 layoffs are anticipated.
- ***Charlotte County Correctional Facility.*** Reverts \$7.0 million GF the first year which was appropriated for planning the proposed new correctional facility in Charlotte County. A balance of \$1.7 million remains in this capital project after this reduction to enter into an interim agreement under the PPEA process, if necessary, to keep this project on schedule.
- ***Day Reporting Centers.*** Saves \$495,379 GF the first year and \$1.1 million GF the second year and 53 positions by closing the remaining eleven day reporting centers. An estimated 27 layoffs will result from this action.
- ***Facility Leasing Restriction.*** Includes language specifying that no funds may be expended for the lease of facilities for the Southwest Virginia Day Reporting Center at 11313 Highland Avenue in Pound, Virginia.
- ***Therapeutic Transitional Communities.*** Saves \$1.0 million the first year and \$3.1 million the second year by eliminating state funds for private contract programs that provide substance abuse treatment for offenders after they leave prison.

The original appropriation was \$205.0 million each year. With these reductions, the budget as introduced provides \$197.3 million the first year and \$190.7 million the second year. The FY 2009 total is consistent with the overall general fund revenue projection for the first year (based on the October forecast). The FY 2010 amount is based on an additional 7 percent reduction. Each local allocation is proposed to be reduced by 7 percent below its FY 2000 allocation.

  - The recommended FY 2009 amount represents a 3.8 percent reduction below the actual FY 2008 level, and the recommended FY 2010 amount represents an across-the board 7 percent reduction below FY 2009, rather than a figure based on projected general fund revenues.

# Technology

The proposed amendments for the Technology secretariat include general fund reductions totaling \$1.3 million and nongeneral fund appropriation decreases totaling \$10.2 million. Total general fund spending for the agencies of the Technology secretariat is \$16.1 million or 7.24 percent less than the secretariat's budget in Chapter 879 (2008). Total nongeneral fund spending for the biennium is \$100.3 million or 9.25 percent less than the secretariat's current budget.

The introduced budget includes a proposed merger of the Virginia Enterprise Applications Program Office (VEAP) into the Virginia Information Technologies Agency (VITA). This merger, effective in the second year of the biennium, is designed to improve efficiency, productivity, and collaboration between these two agencies as well as with the Commonwealth's other state agencies. As part of this merger, VEAP's existing general fund appropriation is transferred in the second year to VITA. This general fund appropriation transfer, totaling \$1.1 million, represents the sole additional spending item included in the secretariat's budget.

The introduced budget also reduces the nongeneral fund appropriation for the Wireless E-911 program by \$6.0 million each year, and transfers that same amount to the Compensation Board for use in supporting dispatchers in local sheriffs' offices. This transfer is similar to one currently made to the Virginia State Police for their emergency response dispatchers.

- **Innovative Technology Authority**

- ***Revitalize the Innovative Technology Authority.*** Produces savings of \$458,003 GF the second year from a restructuring of the authority by consolidating the agency's governing board with an existing internal research and development board. However, it is more likely that these savings are associated with the development of a public-private partnership to redevelop the authority's properties into an integrated commercial and residential development. This public-private

partnership would produce lease revenue that could be used as a substitute for the authority's existing general fund support.

- **Virginia Information Technologies Agency**

- *Merge Virginia Enterprise Applications Program Office into VITA.* Includes \$1.1 million in general fund support and three positions the second year representing the funding associated with the Virginia Enterprise Applications Program Office (VEAP). - *Establish Appropriation for the Virginia Election, Registration, and Information System (VERIS).* Provides an appropriation of \$1.8 million NGF for the ongoing system maintenance and development of VERIS. Originally transferred to VEAP from the Department of General Services, the funding is transferred to VITA's budget as part of the merger of VEAP and VITA.
- *Transfer Appropriations from Wireless E-911 Fund to Support Sheriff Dispatchers.* Reduces the appropriation for the Wireless E-911 Fund by \$6.0 million NGF each year and transfers this amount to the Compensation Board to support sheriff dispatchers. A similar transfer currently supports state police dispatchers.
- *Eliminate Use of Wage Staff and Contractual Services.* Includes savings of \$254,419 GF the first year and \$417,564 GF the second year from the elimination of wage staff positions and contractors that perform functions in lieu of VITA and VEAP's existing staff. Wage staff and contractors had been used by VITA to promote services to new customers; to assess the impact of the Information Technology Investment Board and Chief Information Officer's initiatives on statewide technology performance; and by VEAP to provide communications and special presentations, provide applications training to agencies, provide marketing services, and to perform data management and develop data standards.
- *Reduce Discretionary Spending for Information Technology Governance.* Produces savings of \$83,000 GF each year by reducing spending on consulting services, training, travel, and supplies for the staff who govern statewide security, audit, and compliance issues.

# Transportation

The Governor's recommended amendments for Transportation agencies result in an appropriation of \$82.0 million GF and \$9.095 billion NGF for the biennium -- a biennial nongeneral fund revenue reduction of \$670.1 million compared to Chapter 879 (2008). These adjustments reflect reduced growth in a number of transportation revenue sources, in particular motor vehicle titling taxes and recordation taxes. With minor exception, the budget does not include any transfers of transportation funds to the general fund to address the GF budget shortfall. The adjustments simply reflect changes in available transportation revenues. The reductions are contained in a single item in each agency and are not integrated into the specific programs. Similarly, there is no language specifying how the agencies intend to implement the reductions by program, roadway system or geographic area.

Across the secretariat, the proposed amendments reduce the agencies' maximum employment level (MEL) by 1,163 fulltime equivalent positions. All but 13 of the eliminated positions are at VDOT which is reducing its MEL from 9,500 to 8,350 by the end of the biennium.

- **Secretary of Transportation**
  - *Authorize DPB to Adjust Agency Appropriations to Reflect Timing of Sale of Capital Projects Revenue Bonds.* Language is included authorizing the Director of Department of Planning and Budget, to administratively adjust the nongeneral fund appropriations within the transportation agencies to allow for the utilization of bond proceeds authorized by the 2007 General Assembly.
- **Department of Aviation**
  - *Reflect Reduced Revenues.* Includes a reduction of \$3.0 million NGF in the first year and \$3.2 million NGF in the second year representing a reduction in the revenues forecast for the Commonwealth Transportation Fund and the Aviation Special Fund. Also included in this item is a reduction of \$6,280 GF each year reflecting a reduced appropriation for use of the state planes. These reductions reflect approximately 11 percent of the agency's budget.
  - *Authorize Use of Aviation Funding for Airport Access Projects.* Includes language explicitly authorizing the Commonwealth Transportation Board to request that the Virginia Aviation Board utilize Commonwealth Airport Funds for surface airport access projects.
- **Department of Motor Vehicles**
  - *Increased Central Service Costs.* Increases the agency's nongeneral fund appropriation by \$3.2 million NGF in the first year and \$3.9 million NGF in the

second year to recognize increased costs in central service items including lease payments, license plate raw materials and increased VITA costs.

- ***Reduce DMV Retention of Uninsured Motorists Funding.*** Chapter 879, 2008 Session of the General Assembly, authorized DMV to retain \$6.4 million NGF each year from the Uninsured Motorists Fund to help finance the costs of the department’s system redesign initiative. The Governor’s budget proposes to reduce that amount by \$5.0 million NGF in FY 2009 and \$3.2 million NGF in FY 2010 with the residual amounts being transferred to the general fund. DMV has completed Phase 2 of the system redesign and the implementation contract is not anticipated to be completed until later this year, reducing the funding DMV needs for the project during the current biennium.
- ***Reflect Reduced Revenues.*** Includes a reduction of \$7.1 million NGF in the first year and \$3.4 million NGF in the second year representing reduced revenues forecast for the DMV Special Fund. In total, the agency reductions equate to 4 percent in the first year and 1.2 percent in the second year.
- ***DMV Transfer Payments.*** The budget includes a new item for DMV Transfer Payments to reflect a new agency code for this item. This action was required to avoid duplicate use of an assigned but unused agency code that had been attached to this new item when the budget was introduced. Also included in this item is a reduction of \$197,728 NGF in the second year reflecting the operational costs of collecting and distributing the mobile home and rental vehicle taxes. These amounts are transferred to the general fund in Part 3 of the budget.

- **Department of Rail and Public Transportation**

- ***Reflect Reduced Revenues.*** Includes a reduction of \$16.1 million NGF the first year and \$24.7 million NGF the second year representing reduced state and federal transportation fund forecasts. These amounts represent a reduction of 2.8 percent of the agency’s budget in FY 2009 and 4.2 percent in FY 2010 compared to the levels included in Chapter 879.

- **Department of Transportation**

- ***Reflect Reduced Revenues.*** Includes a reduction of \$284.6 million NGF in the first year and \$289.6 million NGF in the second year reflecting reduced state and federal transportation fund forecasts. These amounts represent a biennial reduction of 7.3 percent compared to the amounts adopted in Chapter 879. This amendment further includes staffing reductions totaling 1,150.0 FTE for the biennium.

- **Virginia Port Authority**
  - *Craney Island Bonds.* Proposes a language change to delay issuance of the Port Revenue Bonds for the Craney Island improvement project for one year, until July 1, 2010. The reduced Port traffic is not generating sufficient revenue to support an earlier issuance date.
  - *Reflect Reduced Revenues.* Includes a reduction of \$14.6 million NGF in the first year and \$13.8 million NGF in the second year reflecting reduced Transportation Trust Fund and Commonwealth Port Fund forecasts. These amounts represent a biennial reduction of 14.8 percent compared to the amounts adopted in Chapter 879.
- **Towing and Recovery Operations**
  - *Licensing Services.* Proposes an increase of \$50,000 NGF in the second year to cover costs of a contract with the Department of Health Professionals to process tow truck driver applications and issue the licenses.

# Central Appropriations

The Governor's recommendations for the Central Appropriations result in a net decrease of \$203.0 million GF for the biennium.

General fund increases total \$16.0 million, and include \$13.3 million to pay institutions of higher education interest earned on nongeneral fund balances and rebates earned on charge card purchases. Other proposed increases include \$1.3 million for the two-year college transfer grant program; \$628,965 for transition and inaugural expenses for the newly-elected state-wide officers; \$438,208 GF as the first installment on the actuarial liability created by payment of the costs of providing enhanced retirement benefits under the Workforce Transition Act of 1995; and \$376,280 GF to convert the payroll services bureau that is operated by the Department of Accounts to an internal service fund.

General fund decreases total \$219.1 million and include savings of \$168.2 million from elimination of the FY 2009 and FY 2010 2 percent salary increases for classified employees, state-supported local employees, and faculty (Elimination of the 2 percent teacher pay raise for FY 2010 is contained in Public Education). Other proposed decreases include \$33.1 million GF from changes in the actuarial methodology used to calculate premiums for non-retirement benefits provided by the VRS and elimination of the long-term care benefit under the Virginia Sickness and Disability Program; \$2.3 million from elimination of increases in rental charges for office space at the seat of government, in Richmond; \$3.4 million reduction the first year in the amount paid to institutions of higher education for the interest earned and rebates on charge card purchases; \$139,800 from a reduction in awards from the Productivity Investment Fund; and \$77,022 by suspending payments of per diems to citizen members of executive branch boards and commissions.

- *Salary Actions.* Proposes savings of \$43.6 million GF the first year and \$124.5 million GF the second year, from elimination of the first and second year 2 percent salary increases for classified employees, state-supported local employees, and faculty. The FY 2009 salary increase for judges is not eliminated due to constitutional prohibitions against the reduction of compensation for judges.

- *Employer Health Insurance Premiums.* No increases in employer or employee health insurance premiums are proposed for FY 2010. However, the budget as introduced proposes to address the 10.3 percent upward trend in costs by: 1) utilization of cash balances in the Health Insurance Fund, 2) a series of selected increases in co-payments and deductibles, and 3) elimination of coverage for lap band and gastric bypass surgery.

- **Employee Benefits Reversion**

- *Non-retirement Benefits Provided by the VRS.* Proposes savings of \$3.3 million GF the first year and \$29.9 million GF the second year the by 1) calculating the contribution rates for state employees and public school teachers in the Virginia Sickness & Disability Program, Group Life insurance, and Retiree Health Care Credit using the assumptions of an 8 percent rate of return on investments, and 30-year amortization period as was used in Chapter 879 for other VRS administered programs, and 2) elimination of the long term care component under the Virginia Sickness and Disability Program, effective July 1, 2009.

- *Workforce Transition Act Payments.* Proposes an additional \$438,208 GF the second year as the first installment on the actuarial liability created by the payment of the costs of providing enhanced retirement benefits under the Workforce Transition Act of 1995. Language proposes to override a Code provision that requires up-front payment of these costs, and instead spreads these costs over the 30 year amortization period used in the VRS actuarial calculations.

- **Unanticipated Expenditures**

- *Undistributed Support*

- *VITA Rates.* Proposes to transfer \$3.5 million GF from the second year to the first year for increases in the rates charged by VITA to state agencies under the Northrop Grumman contract for the provision of information technology services.
- *Payroll Services Bureau.* Proposes an increase of \$376,280 GF the second year to support agency payments to the payroll services bureau that is operated by the Department of Accounts. - **State Agency Reductions**

- *State Agency Reversions.* Proposes to capture additional savings of \$14.9 million GF in the first year with an offset of \$3.0 million GF in the second year from all state agencies except institutions of higher education. # Independent

The Governor's recommended amendments would decrease the general fund appropriation for Independent Agencies by \$100,000 and the nongeneral fund appropriation by a net of \$1.6 million. The net NGF reduction is the result of a \$13.8 million NGF decrease in the distribution from the Uninsured Motorist Fund, which is partially offset by increases totaling \$12.5 million NGF. In addition, the budget assumes the State Corporation Commission will transfer \$1.1 million in unobligated cash balances to the general fund in the first year of the biennium.

The proposed nongeneral fund increases are predominantly under the Virginia College Savings Plan and include a \$10.0 million increase in the appropriation to meet expected payouts from the plan in the second year, as well as a \$600,000 increase to expand services and meet staffing needs and \$75,000 to cover additional expenses.

The proposed decrease to the general fund results from reduced funding of \$50,000 each year for the Volunteer Firefighter's and Rescue Squad Workers' Service Award program within the Virginia Retirement System budget.

- **Virginia Retirement System**

- *Provide Funding for Actuarial Services.* Includes \$200,000 NGF in the second year to cover actuarial expenses for the reevaluation of local retirement plans using the same actuarial assumptions used for the state employee and public school teacher plans. The costs for this analysis will be charged to the locality funded VRS plans.
- *Reduce GF Appropriation for Volunteer Firefighter's and Rescue Squad Worker's Service Award Program.* Assumes a reduction of \$50,000 GF in each year of the biennium related to the administrative cost and contribution supplements for the Volunteer Firefighter's and Rescue Squad Worker's Service Award program. The budget reduces the general fund support for the program from \$78,000 to \$28,000 each year to reflect actual costs incurred for the program.

- **State Corporation Commission**

- *Transfer Unobligated Cash Balances to the General Fund.* Assumes the State Corporation Commission will transfer \$1.1 million in unobligated cash balances to the general fund in the first year of the biennium.
- *Reduce Appropriation for Distribution of Uninsured Motorist Fund.* Reduces the appropriation for the distribution payments from the Uninsured Motorist Fund by \$6.8 million NGF in the first year and \$7.3 million NGF the second year to reflect action taken during the 2008 session allowing the Department of Motor Vehicles to retain a larger share of the funds.

- *Funding for Additional Utility Safety Staff.* Provides five additional positions and \$390,000 NGF in the second year for the Utility Safety division which are needed due to increased workload. This proposal adds one associate general counsel and four additional inspectors to the division.
- **Virginia College Savings Plan**
  - *Increase Appropriation to Meet Expected Obligations.* Includes an increase of \$10.0 million NGF the second year to meet projected increases in program payments including tuition, fees, other educational expenses and rollovers. The proposal increases the appropriation for VCSP payments from \$146.4 million to \$156.4 million in the second year.
  - *Increase Appropriation to Expand Services.* Recommends \$600,000 NGF in the second year to cover additional expenses related to the administration of the plan.
  - *Increase Appropriation to Cover Additional Expenses.* Proposes \$75,000 NGF in the second year to cover additional expenses related to providing services to other college savings plans at locations outside of Virginia.
- **Virginia Workers' Compensation Commission**
  - *Adjust Appropriation for Uninsured Employer's Fund.* Provides an increase of \$600,000 NGF each year for the uninsured employer's fund due to an increase in the volume of claims.
  - *Additional Staffing due to Workload Increases.* Recommends an additional 16 positions at the Commission in the first year due to increased workload.
